Dear Cllr Ketteridge

REF THAXTED CONSERVATION APPRAISAL ITEM FOR CABINET 13TH SEPT 2012

The Thaxted Society would in normal circumstances have attended this meeting. We are grateful for the opportunity to consult and are pleased to note inclusions in the document before you, as a result of that consultation. Our non-attendance does not reflect upon our ongoing vigorous commitment to the Conservation consultation process, but is simply a matter of logistics.

The Thaxted Society is entirely committed to this Consultation and others where the community is empowered to speak and by inference affect the improvements we all seek in Thaxted.

The Thaxted Society has already begun the process of implementation of several of the Appraisals recommendation and has seen a marked improvement in our visual environment already.

All this achieved by public subscription and a grant from the Society. We hope to count upon the support of UDC in our ongoing work for conservation in Thaxted.

Yours truly,

Michael Culkin
Thaxted Society Executive
