on 14 August 2013**

MM7 MUSEUM ACCESS POLICY

The Curator presented the Museum Service Access Policy 2013. This was required for accreditation. An access audit had been undertaken as part of the process with the assistance of the District Council's Access Officer and an action plan had been prepared which highlighted improvements to be made, although the general level of compliance was good. Some small measure could be dealt with straight away, whilst other medium longer term matters would be addressed through the forward Plan.

It was AGREED that the Museum Access Policy be recommended to Cabinet for approval.
