Title: The Corporate Plan 2014-19 and Corporate Risk Register

Author: Cllr Ketteridge

Item for decision

Summary

1. The corporate plan is updated annually. Last year's plan melded the achievements of the previous 6 years with the changing demands being placed on the Council by setting new directions and priorities. The key themes remain: Low Tax, High Quality, Responsibility and Prosperity. The Plan retains its simplicity by being presented on a single page, with the overall goal of the Council now being "The Low Tax and High Quality Council".

Recommendations

Situation

6. The corporate plan sets out the priorities for the council over the next 12 months and beyond. These priorities were identified through contemporaneous consultation over the budget and are among the issues that matter most to the community. The plan builds on the directions set in the previous Corporate Plan but also seeks to address the priorities of central government..
7. From 2007 to 2013 the Council focused on four priorities - finance, partnerships, people and environment. In 2013 these were subsumed within the new priorities of low taxation, high quality, responsibility and prosperity, with the overall goal being "The Low Tax High Quality Council". These themes are brought forward for the 2014-15 Plan.
8. The Council continues to have an enviable record. For example, over the last year, Council Tax was cut by 1%, and a further cut of 2% is proposed this year. Indeed there has not been a Council Tax increase in Uttlesford since 2010. Uttlesford has come out as the 2nd best place to live in the country in a Halifax Survey, we have one of the best financial settlements of any council in the country, our approach to assets of community value was commended by Don Foster MP, the Under Secretary of State for Communities, when he visited the District in the summer, and our overall approach was given high

profile when Brandon Lewis MP, the Local Government Minister, visited us in March. Exceptionally, none of our services are outsourced.

9. The Government's priority is encouraging growth. All the localism initiatives remain but these are now to be focused on achieving growth, or at least not hindering it. The new plan reflects this change in emphasis by enhancing actions under the theme of prosperity, including playing a greater role in the South East Local Enterprise Partnership and the London Stansted Cambridge Corridor Consortium. Financial prudence remains at the heart of the plan and indeed at the heart of the culture of the whole organisation. And to this end we will be planning for a future in which there will be little or no government core funding. Although money is tight public expectations remain high. The Plan sets the framework for addressing these issues. The reduction of the burden of Council Tax on our residents will help them manage tight budgets in these times of austerity.
10. During the coming year we expect The Lodge in the grounds of the Council Offices to be used for DWP Job Centre training, the Volunteer Centre Uttlesford will be moving in, the museum store will open at Shire Hill and of course, the Tour de France will be passing through the District.
11. Pathways to implementation of the Plan will be set out in service plans, which will be monitored by the Corporate Management Team, and reported as necessary to the Performance and Audit Committee in the quarterly performance reports. This is in line with current practice.
12. A Corporate Risk Register accompanies the plan and will be amended and updated by the Performance and Audit Committee.
