Summary

Title:

1 This report updates Members on matters arising from the minutes that are not on this Agenda. The Scheme of Delegation is set out with the Directorates Responsible for each area and suggests how Committee time may be best used.

Recommendations

- 2 That any presentations take place prior to 7.30pm when the meeting commences.
- 3 That the report is noted.

Background Papers

- 4 The following papers were referred to by the author in the preparation of this report and are available for inspection from the author of the report.
 - Minutes of Community Committee meeting of 15 March 2007
 - Reports referred to in this report
 - Scheme of Delegation
 - Constitution
 - Minutes of Full Council meeting 22 May 2007.

Situation/Update

Service teams

- 6 Since the last meeting the Heads of Division have been appointed and personal development programmes are in place.
- 7 Roadshows are in progress to aid businesses and individuals to understand the "Smokefree" legislation. This grant funded work will include officer visits to business premises to draw attention to the need to have arrangements in place by 1 July 2007.
- 8 The Organisational Re-engineering (OR) review is drawing to a close in the Housing Division, the agreed plan will be implemented in the coming months.

Last meeting update

There are two update items from the 15 March meeting.

- (i) Day Centre Pilot. A Manager has now been appointed. The role will assist with the day to day running of the centre and develop ways of improving the centre. Some money saving ideas have already been contributed and the progress will be reported to this committee as the pilot scheme matures.
- (ii) Ashdon, land adjacent to Churchfields— officers met with the Parish Council and Member for Ashdon and agreed to carry out further research and report back to Committee in September for a member decision. Broomfields Hatfield Heath – Planning application has now been submitted.

Managing Committee Time

The work of this committee will be aided by agreed arrangements provided by the Constitution Group to manage meetings as follows;

That the practice – instituted in recent meetings – of a 'Lead Officer's report' should continue. This report should update members in writing on the progress of items and issues previously discussed – thereby avoiding lengthy discussions and/or questions under the broad heading of 'Matters Arising'. The report would also provide an opportunity to incorporate a brief update on items of interest to members in respect of service delivery or the like which perhaps of themselves do not warrant a full report to the

Author: Diane Burridge Version date: 11 June 2007 committee. This report should be taken as first substantive item on the agenda.

- Items for information will be clustered at the end of the agenda and would not normally be discussed unless there was a clear need or desire on the part of a significant proportion of members to do so.
- Members will be encouraged to notify declarations of interest in advance –
 as we do with apologies for absence with an electronic form provided for
 this purpose. The chair and/or clerk of the meeting could then advise the
 committee/council of any declarations at the start of the meeting.
- Provisional timings for each agenda item will be agreed in advance with the chair of the committee and published as part of the agenda papers. This will give an indication of which items appear to require substantial discussion and which might be dealt with more quickly. It will also give members of the public etc a better indication of when a particular item might arise. These items would be indicative only.
- Meetings of the Council should aim to cease after 2 hours duration. In the event that the business has not been concluded within that time the Chairman of the meeting shall seek the view of the meeting as to how long it should continue. Only in exceptional circumstances should a meeting continue after 10.30 p.m. Where necessary the Chairman shall adjourn unfinished business to another date or to the next meeting of the Council.

Additionally, it is proposed that the practice of receiving presentations prior to the 7.30pm commencement of the meeting is continued.

9 The remainder of this report concerns the functions of this Committee. Essentially it is the function of this Committee to formulate and agree policy on a variety of matters including Housing Strategy and Housing Management, Community, Leisure and Public Health.
