- 4 An impact assessment will be provided with each report coming to Committee.

Situation

- 5 It is a requirement that this Committee agrees a work programme for 2009/10. Accordingly the work identified to date, identifying the Committee meeting where a report will be submitted is attached. Whilst the programme of work is slim at the moment items will be added at later stages as items come forward for decision.
- 6 Information only items will continue to be provided through the Lead Officers Report this enables Members to receive an update on the progress of items and issues discussed previously. This also allows an update to be provided on items of interest to Members in respect of service delivery or the like which perhaps of themselves would not warrant a full report to the Committee. This enables Members time to be best utilised in the consideration of items of policy.
