APPENDIX D – MINORITY PROPOSAL FOR A 39 MEMBER SCHEME

Easton and Canfield cont.		(Village) High Roding Total Variance	382 1656 +4	395 1742 -2	Note also the proposal to divide Little Easton parish (0 electors in 2012 but 219 electors by 2018) to enable electors at Woodlands Park sector 4 to be included in a revised Great Dunmow North ward; this will involve the division of Little Easton parish into a village ward and a Woodlands Park ward. Eventually, Little Easton Parish Council would like to see a community governance review result in an adjustment of boundaries to place the sector 4 site wholly within Great Dunmow.	
Great Dunmow North	2	Great Dunmow North Little Easton (Woodlands Pk) - block of electors to North ward Total Variance	2974 0 -250 2724 -15	3594 219 -250 3563 +0	Note the proposed division of Little Easton (see Easton and Canfield ward above) to enable electors at Woodlands Park sector 4 to be included in this ward. An adjustment between wards is needed to provide the correct balance between North and South ward. The suggested remedy is to transfer a block of around 250 electors from North ward to South as yet unidentified.

The proposal would not otherwise work as the component parts of the proposed ward would be detached from one another.	
Felsted and Flitch Green	2	Felsted West Flitch Green Total Variance	1958 1365 3323 +4	2021 1406 3427 -3	See comments above regarding changes between Felsted East/ West
