**Date: 25 February 2016**

**Title: Treasury Management Strategy 2016/17**

**Portfolio Holder: Councillor Simon Howell**

**Agenda Item**

**14**

**Item for decision**

## **1.0 Summary**

- 1.1 The Council's cash-flow management, use of banks, investments and borrowing is governed by the Treasury Management Strategy (TM strategy).
- 1.2 The CIPFA Code of Practice for Treasury Management in Public Services (the "TM Code") requires the Council to determine its Treasury Management Policy and Strategy for 2016/17 and the following 2 years. However a five year strategy has been prepared to be consistent with the Medium Term Financial Strategy period.
- 1.3 The Local Government Act 2003 also requires Local Authorities to adopt Prudential Indicators and Minimum Revenue Provision Statements, see Appendices A1 and A2.
- 1.4 The TM strategy, Appendix A, will continue to give priority to security and liquidity of investment capital over return. It will also be prudent and transparent.
- 1.5 The strategy assumes no new external borrowing. Investments will continue to be prudent and diversify Council surplus cash within the parameters permitted.
- 1.6 The Treasury Management report was endorsed by the Scrutiny Committee on 9 February and approved by the Cabinet on 16 February for recommendation to the Council tonight.

- 4.3 The Council has adopted the TM Code which requires the Council to approve a Treasury Management Strategy before the start of each financial year.
- 4.4 In addition, the Department for Communities and Local Government (DCLG) issued revised *Guidance on Local Authority Investments* in March 2010 that requires the Council to approve an Investment Strategy before the start of each financial year.
- 4.5 The Treasury Management Strategy fulfils the Council’s legal obligation under the *Local Government Act 2003* to have regard to both the TM Code and the DCLG Guidance.
- 4.6 The Council has borrowed and invested substantial sums of money and is therefore exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. The successful identification, monitoring and control of risk are therefore central to the Council’s Treasury Management Strategy and to mitigate these risks.
