Situation

A key starting point for the budget process for 2006/07 and beyond is to identify new spending pressures affecting the Committee's services. The background papers to this report include details of those spending pressures for all Council services where known. Resources Committee on 29th September will consider all spending pressures supported by committees and issue overall guidance concerning the Council's budget and the approach to spending pressures. There are however currently no spending pressures affecting this Committee's services.

Risk Analysis

The following have been assessed as the potential risks associated with this issue.

Risk	Likelihood	Impact	Mitigating actions
