- 1 So far, over 1,200 responses have been received, which are summarised in the attached document. Officers estimate that there are a further 200 - 300 responses that have been received and which are still awaiting summary, and it is anticipated that others will be received.
  
- 2 It is intended that regular updates to the summary of responses will be produced, and that these will eventually be collated into one final master document.
  
- 3 Members will be aware from the presentation by Stop Stansted Expansion on 7<sup>th</sup> July that its final response is due on 14<sup>th</sup> July.
  
- 4 At Members' request, a copy of the summary document that is presented to the Stansted Airport Advisory Panel advising on progress with the 2003 Section 106 Agreement is also attached. This document will be updated shortly, following regular liaison with BAA Stansted.
