APPLICANT'S CASE: See copies of 10 letters attached at the end of this supplementary of representations

REPRESENTATIONS: 1 further letter has been received:

The first is that in spite of the Planning Committee's rejection of an application for a two-storey extension, confirmed by the Inspector on appeal, the applicant has established a two-storey extension rather than the single storey extension which was agreed by the Committee. We should be grateful for confirmation that the Council intends to take action to ensure its decisions are respected.
