

**COMMUNITY GOVERNANCE REVIEW  
PROPOSAL FOR BOUNDARY CHANGE: TAKELEY AND LITTLE  
CANFIELD**

**VOTING FORM**

This consultation seeks your views on the following draft proposal relating to the parish boundary between Takeley and Little Canfield. The closing date by which your response should be received is **1 February 2011**.

The Council's preferred option is that there should presently be no change to the existing boundary. This view is supported by both parish councils. Please indicate in Box A whether you agree with this proposal.

In addition to completing Box A, please note that a number of further options for boundary change were also considered by the Council's Electoral Arrangements Working Group. If there is a strong support within the local community for an alternative to the preferred option above, it would be helpful if we could identify such an option for further consideration. Therefore, please also complete Box B by indicating which of these further options you would support, in descending order of preference.

Please refer to the accompanying leaflet giving details of the potential advantages and disadvantages of each option.

***Note: a parish boundary change does not affect postal addresses. If you live at Priors Green, your address will remain the same whatever the eventual outcome of the boundary review.***
