

**Electoral Working Group
Proposed Work Programme 2014/15**

Polling District Review

- Polling district review to run from 4 August until the end of October with the revised scheme being approved by Council on 21 October
- Refer to the proposed timetable and notice of review

Scale of Returning Officer's Fees at District and Parish Elections

- Agree an updated scale of fees applicable at district and parish elections to take effect in May 2015
- To be submitted for approval by Council on either 18 December or 26 February

Community Governance Reviews

- Consider how to deal with a programme of Community Governance Reviews (parish reviews) in the next two years
- The Council has already committed to undertaking a CGR at Little Easton (where development at Woodlands Park will overspill the parish boundary) and at Priors Green (where the new development is almost complete and is split between the parishes of Little Canfield and Takeley); the precise timing is yet to be decided
- There may be other developments in the pipeline which will overspill parish boundaries (Fairfield if approved?) so a rolling programme of reviews may need to be agreed
- A report will be brought to members in October
