Explanatory Notes**Environment Committee**

1. Flood relief schemes work is an annual budget within the capital programme to be utilised on a responsive basis.
2. It is proposed that an annual budget within the capital programme be approved to enable a rolling programme of Upgrades to the Recycling
3. Relocation of depot to the south of the Hoblongs Industrial Estate, Great Dunmow. This budget was added to the 2005/06 capital programme but will now slip into 2008/09 and 2009/10.
4. Ongoing costs for the purchase of additional wheelie bins for new developments and replacements
5. This scheme is no longer going ahead
6. This scheme involves the centralisation of maintenance at the Saffron Walden depot, with retention of vehicle storage at Great Dunmow. This scheme was added to the 2005/06 capital programme but will slip into 2008/09 and 2009/10.
7. Implementation of the replacement programme for car park pay and display machines.
8. This is the proposed cost of replacing the septic tank that is currently leased.
9. It is proposed that an annual budget within the capital programme be approved to enable a rolling programme of trade waste bins replacement.
10. This is the cost of replacing vehicles related to the refuse collection and trade waste services.

Vehicle	Date to be replaced	Note
S96BDU - refuse freighter	08/09	
R527FAV - RO/RO	08/09	
LT02 RVE - RO/RO	09/10	
R526FAV - RO/RO	08/09

EN52KHJ - transit	09/10	

13. Should be completed in 07/08
14. Should be completed in 07/08

PROPOSED NEW SCHEMES

15. Repairs to the Culvert on Elizabeth Way - already approved
16. Proposed new scheme to replace refuse collection / trade waste vehicles in 2010/11

Vehicle	Date to be replaced	Note
EF06AXD - transit	10/11	
EU06VNZ - chassis cab	10/11	
Terberg Matec top loader	10/11	
Terberg Matec TL10	10/11	

Community Committee

1. The original budget of £52,000 consists of a rolling programme of £40,000 which it is proposed to continue to 2009/10 and a further £12,000 per annum already has been committed to Uttlesford community travel for 3 years ending in 2007/08. In addition, a further £30,000 is proposed, representing £10,000 grant budget to be allocated to each Area Panel.
2. Rolling programme proposed to continue to 2009/10 - increase due to budget pressure
3. Rolling programme proposed to continue to 2009/10. For 2007/08, £109,000 of grants have already been approved by the Council and the Government grant is £48,600.
4. The contribution of £60,000 towards the Museum Heritage Quest Centre was approved as part of the 2006/07 capital programme, now slipped back into 08/09. Additional funding of £40,000 has been approved for 08/09. It is also possible that additional funding for 2009/10 and 2010/11 will be requested from the Council towards this scheme. Should this be the case, reports will be presented to Members as appropriate.
5. £325,000 was approved for the rebuild of Thaxted Day Centre as part of the 2007/08 capital programme £225,000 of which will now not be spent until 08/09
6. Should be completed in 07/08
7. Should be completed in 07/08
8. Should be completed in 07/08
9. Should be completed in 07/08
10. Replacement of the Air Quality monitoring equipment at Takeley
11. Replacement of the Airport Noise monitoring equipment at Takeley
12. Capital Grant from the LAA - nil effect on the Capital programme

FINANCE AND ADMINISTRATION COMMITTEE

1. Should be completed in 07/08
2. The proposed budgets for 2009/10 and 2010/11 would be utilised for a range of minor, user requested projects with demonstrable service and efficiency benefits and was recommended for adoption by the IT Working Group on 17 January 2007. For example, the replacement of all PC's running Microsoft Windows 2000.
3. This scheme has slipped into 2007/08 from 2005/06 and 2006/07.
4. Should be completed in 07/08

5. This project involves the replacement of the existing Ocella system used by Planning, Environmental Health, Land Charges and Building Surveying. The existing system is approximately 18 years old and its replacement will enable a reduction in revenue expenditure through efficiency savings. A recommendation on the way forward will be made to Operations Committee. The proposed budget for 2007/08 was recommended for adoption by the IT Working Group on 17 January 2007 and it will be part funded by Planning Delivery Grant.
- This project is no longer planned to go ahead but it has been proposed that £60,000 be retained for improvements to the Ocella system
6. This project would automate certain workflow processes ensuring the most efficient use of staff time and other resources. The workflow would be provided via a dedicated system, independent of individual applications. It is proposed that this project be undertaken once the Ocella System (see 5.) has been evaluated. The proposed budget for 2008/09 was recommended for adoption by the IT Working Group on 17 January 2007. Now slipped back until 2010/11.
7. Computer Telephony Integration (CTI) technology recognises incoming telephone numbers and automatically opens up a Customer Relationship Management System case. This will reduce the length of telephone calls, allowing more calls to be handled within the same timeframe. The proposed budget for 2008/09 was recommended for adoption by the IT Working Group on 17 January 2007. Now slipped back until 2010/11.
8. The IT Working Group has recommended that the existing Electoral System should be evaluated to determine whether it should be replaced. The benefit of a replacement system is that it could be fully integrated with the existing CRM system, therefore enabling a better delivery of service to the customer. The proposed budget for 2008/09 was recommended for adoption by the IT Working Group on 17 January 2007. Now slipped back until 2009/10.
9. This project involves the replacement of the existing Cat 5 Ethernet network with a Cat 6 network. This will fully integrate with the existing CRM system and therefore enhance service delivery to the public. The proposed budget for 2007/08 was recommended for adoption by the IT Working Group on 17 January 2007. Now slipped back until 2009/10.
10. Should be completed in 07/08
11. Should be completed in 07/08
12. This proposed budget is a continuation of the rolling replacement programme ensuring that the Council's 40 servers are replaced by a Blade server system - which will save the council power cost, space and increase server reliability. This project would supersede several capital projects brought forwards from 2005/06 and 2006/07
13. Should be completed in 07/08
14. Should be completed in 07/08
15. Phase I of the Financial Management System would incorporate a fundamental review of the coding structure, update both hardware and software operating systems and will allow the development of previously unused system functionality. Now slipped back until 2009/10.
16. Should be completed in 07/08
17. The proposed budgets for the Light Van Replacement programme

Vehicle	Date to be replaced	Note

EN53AVL - transit	08/10	

18. As part of the Council's target of achieving 20% energy savings and carbon neutrality, it is proposed that the Council submits a 2- 3 year energy management plan to the Carbon Trust. If this plan is approved the Trust can offer an interest free loan of up to £200,000. The Council would subsequently repay this the savings made in energy costs resulting from the energy management plan plus a contribution of £100,000 from the Council's reserves. Ongoing
19. This proposed budgets is for replacement of the Revenue Service Server which will not be suitable for integration into the Blade server project.
20. Saffron Walden Office - new boiler
21. Saffron Walden Office - renovating of the glazed link
