Finance & Administration Committee budget – specific issues

- 6. An adjustment to the Land Charges budget has been made for the reasons detailed in a report elsewhere on tonight's agenda.
- 7. Housing & Council Tax Benefits budgets are forecasted to be approximately £230,000 higher next year due to increased caseload and refined assumptions about the proportion of expenditure recoverable from Government grant. There is no provision for any DWP clawback of grant already paid.
- 8. The IT budget includes the costs of implementing the corporate scanning project. It is proposed that these costs be funded by a transfer from the Change Management Reserve elsewhere within the budget.
- 9. The Communications budget includes provision for the Place Survey and new Citizens Panel initiative.
- 10. The budget relating to the Business Improvement & Performance Team are now separately analysed. It was previously part of "Corporate Management". Some costs relating to Central Services, Communications, Customer Services and Telephony have been reallocated to the IT budget. Comparative figures are represented so that all figures are presented on a consistent basis.
