# Information and Communications Technology Strategy

IT Working Group

## **Situation**

1. This report details the draft Information and Communications Technology Strategy for 2006-11. It takes into account the Cabinet Office consultation document on transformational government: enabled by technology and the Office of the Deputy Prime Minister report covering socially excluded groups.
2. The strategy contains a diagram at appendix 2 showing the relationship between systems, customers, Members and staff.
3. The high level action plans will be completed in full following the approval of the strategy by the IT Working Group.
