Information and Communications Technology Strategy

IT Working Group

Situation

1. The IT Working Group discussed the draft Information and Communications Technology Strategy for 2006-11 at it's meeting on 4 April 2006.

2. The comments received have been incorporated in the final version of the document, which is at appendix 1 to this report.

3. The strategy takes into account the Cabinet Office Transformational Government Implementation Plan, the Office of the Deputy Prime Minister report covering socially excluded groups and the Local Government Association report 'Putting the customer first: lessons from business'.

4. The strategy contains a diagram at appendix 2 showing the relationship between systems, customers, Members and staff.
