Community Safety	N/A
Equalities	N/A
Health and Safety	N/A
Human Rights/Legal Implications	N/A
Sustainability	N/A
Ward-specific impacts	N/A

Workforce/Workplace	N/A
---------------------	-----

Situation

- Essex County Council conducts an annual survey of non-residential land on behalf of the District Council. The survey is dated April each year and it monitors the planning permissions for non residential use in the previous year. In addition to any new permissions during the year it records outstanding employment floorspace, employment floorspace which has been completed, and employment floorspace lost to other uses. Only schemes above a certain size threshold are included in the monitoring. The threshold is 100m² for Industrial and Warehouse uses (Use Classes B1 – B8) and 250m² for Office Use Class (B1a) 250m². The attached report summarises the information from the 2012-2103 survey. It also looks at the progress on the delivery of allocations in the current adopted plan and the proposed employment allocations in the emerging local plan.

Risk Analysis

7.

Risk	Likelihood	Impact	Mitigating actions
Councillors do not have enough information to make informed decisions.	Low likelihood of un-informed decisions being made if information and advice is available.	High Impact on Local Plan process if unsound decisions are made.	Annual monitoring to make sure that decisions made are consistent with the Council's corporate and Local Plan objectives

1 = Little or no risk or impact

2 = Some risk or impact – action may be necessary.

3 = Significant risk or impact – action required

4 = Near certainty of risk occurring, catastrophic effect or failure of project.
