| KS4 - achieving English Baccalaureate | | | | | | | | | | |

Performance above displayed to 0 or 1 decimal place. Rankings calculated on precise underlying data.

We can see here more clearly how Uttlesford is doing in comparison to Essex and England as a whole.

The differences between Uttlesford and within Uttlesford schools are explored in more depth within the following slides.

Early Years Foundation Stage – age 5

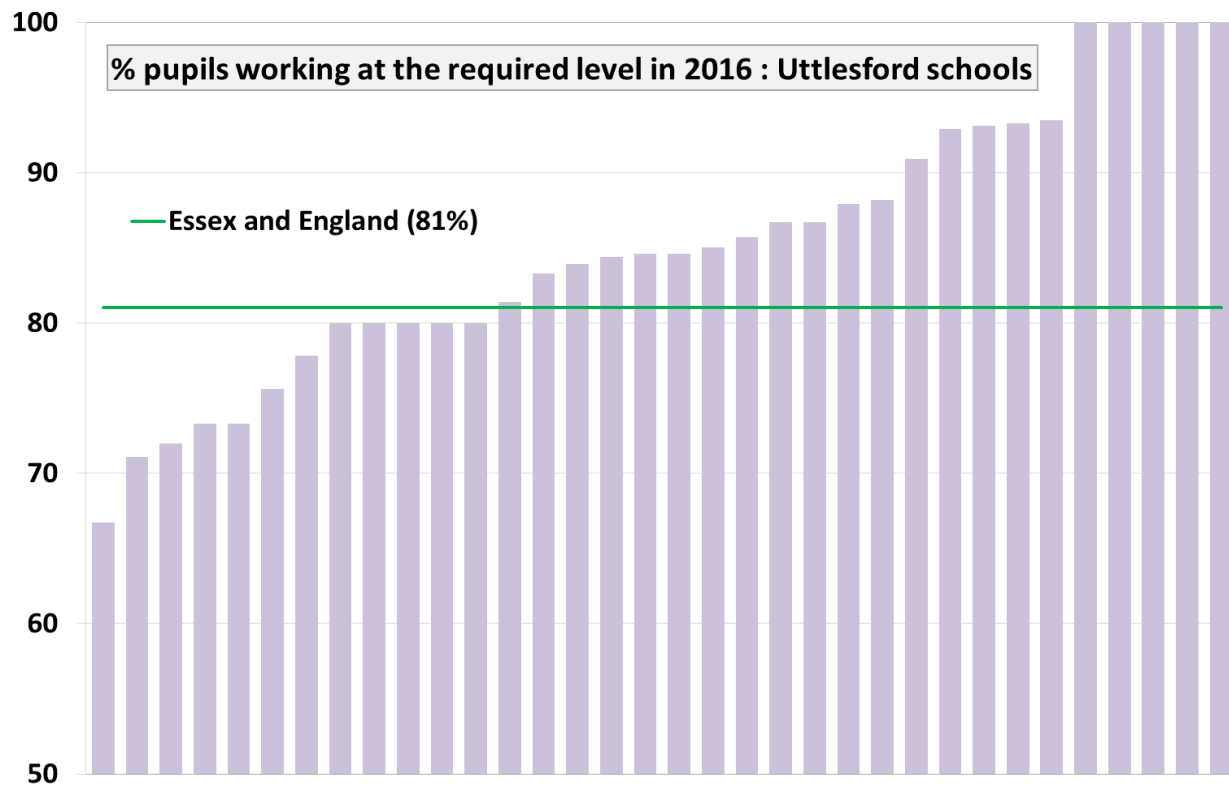

Uttlesford District

District average : 79%

District ranking: 1st of 12

- One school below England average of 69%
- 17 schools with at least 8 in 10 pupils achieving a Good level of Development
- 6% points improvement since 2015

Year 1 Phonics – age 6

Uttlesford District

District average :
83%

District ranking:
3rd of 12

- 12 school below the Essex and England average of 81%
- 10 schools with at least 9 in 10 pupils working at the required level
- 3% points improvement since 2015

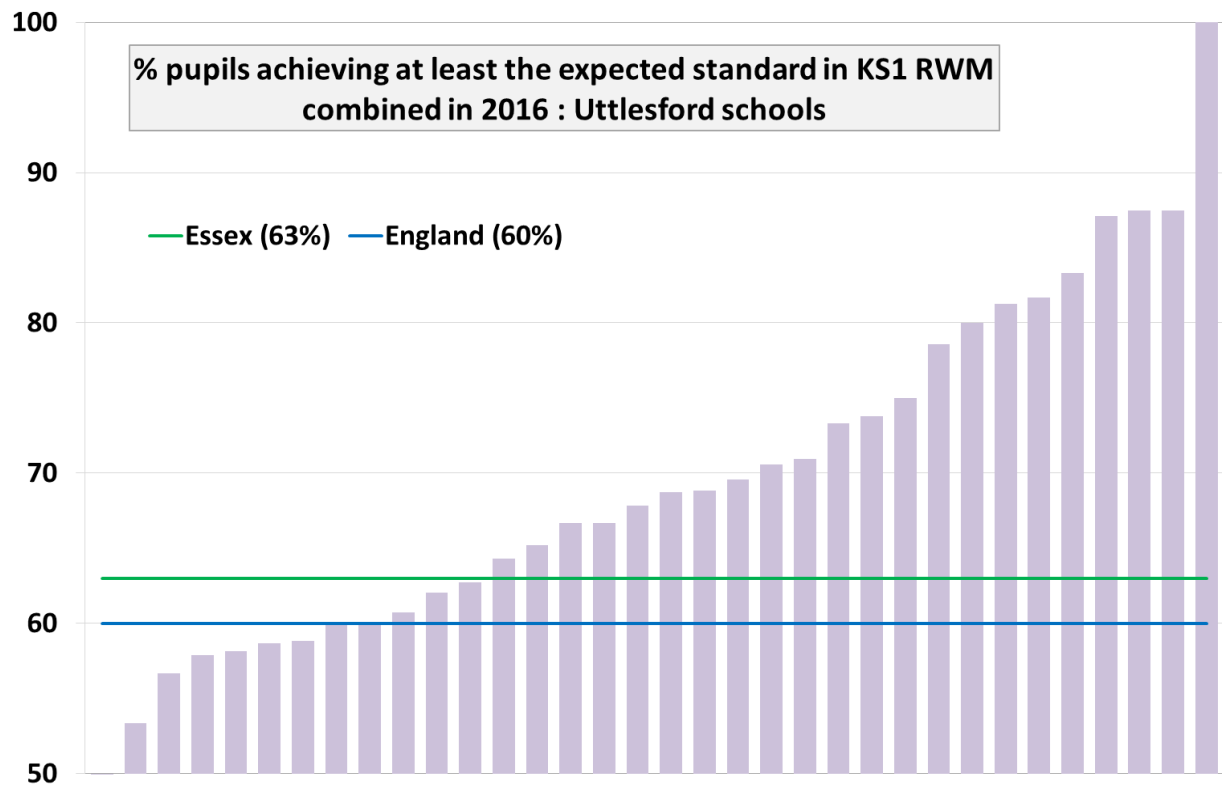

Key Stage 1 – age 7

Before considering this information please note:

- 2016 results ARE NOT comparable to those from previous years.
- Pupils are no longer assigned a numerical level.

Instead, raw scores are converted to a scaled score of between 85 and 115. A scaled score of 100 or more represents the expected standard for each subject.

Key Stage 1 – age 7

Uttlesford District

District average :
69%

District ranking:
3rd of 12

- 7 schools below England average of 60%
- 8 schools with at least 8 in 10 pupils achieving at least the expected standard in Reading, Writing and Maths
- 9% points higher than England average of 60%

Key Stage 1 – age 7

Looking at individual subjects:

Reading

Ranked 2nd, performance is 82% which is 5% points higher than the Essex average and 8% points higher than the England average.

Writing

Ranked 3rd, performance is 74% which is 6% points higher than the Essex average and 8% points higher than the England average.

Maths

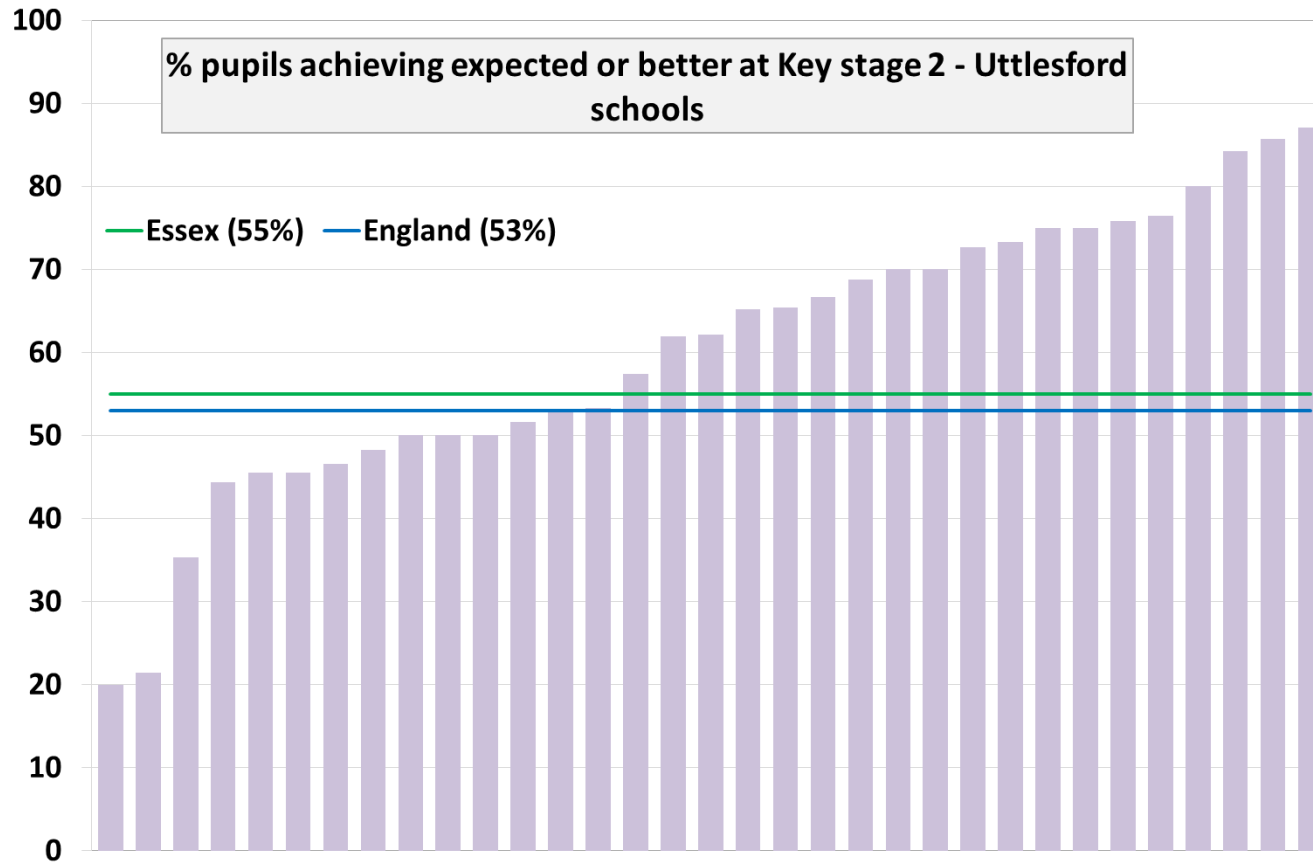

Ranked 3rd, performance is 79% which is 5% points higher than the Essex average and 6% points higher than the England average.

Key Stage 2 – age 11

Before considering this information please note:

- 2016 results **ARE NOT comparable** to those from previous years. Changes since 2015:
- The 2016 results presented here are the first to report the new tests and interim frameworks for teacher assessment, introduced in 2014.
- Results are **no longer reported as levels**. Furthermore, tests that would have been marked as level 4A in 2015 would now be equivalent to a lower level of 4B in 2016.
- Each pupil now receives their test results as a **scaled score** and teacher assessments based on the new standards.
- Both within Essex and nationally there are now **far fewer pupils achieving above the threshold**.
- It is not possible to calculate a combined progress score.

Key Stage 2 – age 11

Uttlesford District

District average :
62 %

District ranking:
1 of 12

- 12 schools are below the England average of 53%
- 3 of these schools are more than 10 percentage points below the national average
- For combined RWM overall Uttlesford is 9% points higher than the England average of 53%

Key Stage 2 – age 11

Looking at individual subjects:

Reading

Ranked 1st, performance is 74% which is 7% points higher than the Essex average and 8% points higher than the England average.

Writing

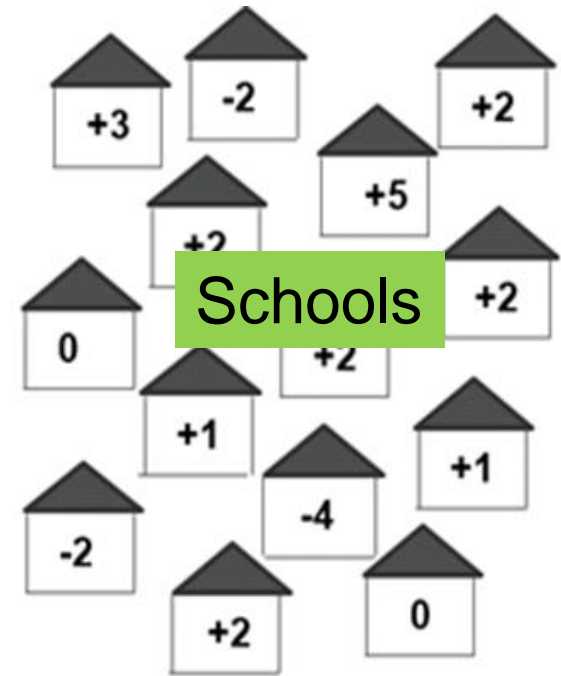

Ranked 2nd, performance is 79% which is 3% points higher than the Essex average and 5% points higher than the England average.

Maths

Ranked 1st, performance is 76% which is 5% points higher than Essex and 6% points higher than the England average.

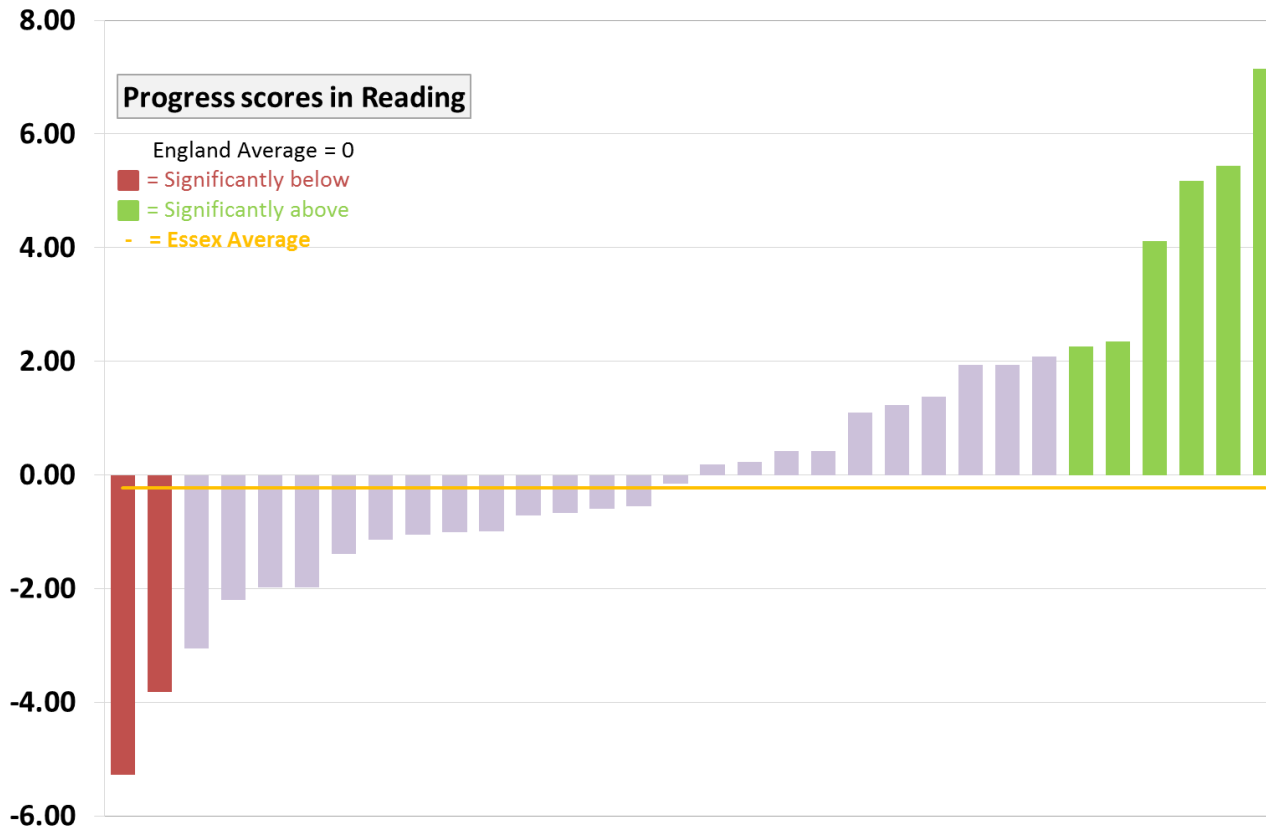

Key Stage 2 – Calculation of new Progress Measure

- A statistical means of assessing the relative effectiveness of a school in terms of pupil progress across Key Stage 2.
- It considers the range of starting points of pupils at the beginning of the current Key Stage and estimates KS2 outcomes as the average achieved by pupils nationally **with the same starting point** at Key Stage 1.
- The national average in each subject is **0**
- A positive value added score means pupils in the school made **more progress** than pupils nationally who had similar prior attainment at Key Stage 1
- A negative value added score means pupils have made **less progress** than pupils nationally with similar prior attainment

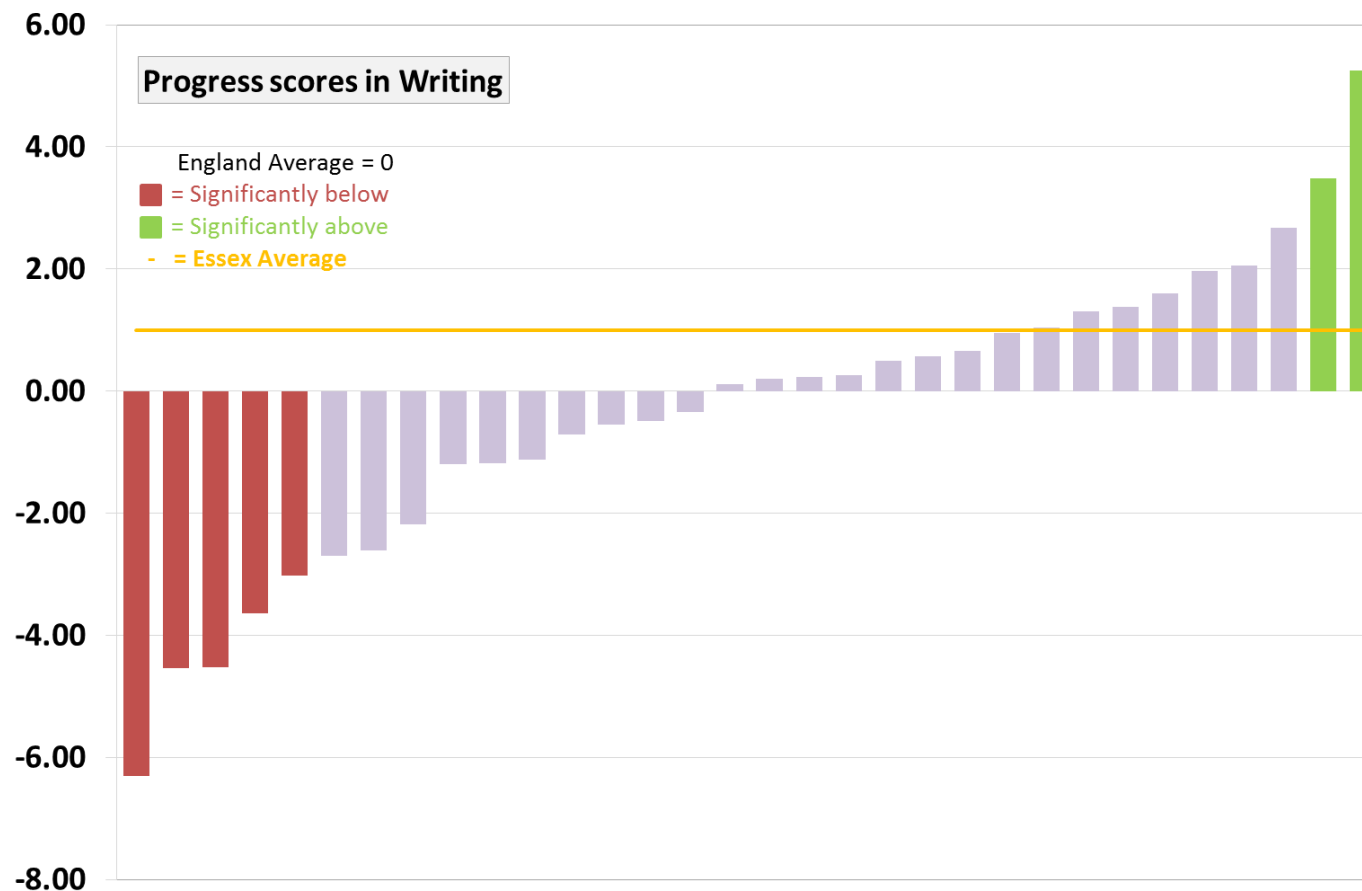

Schools can be compared to see where pupils with similar starting points make more or less progress

Key Stage 1-2 progress – age 11 - Reading

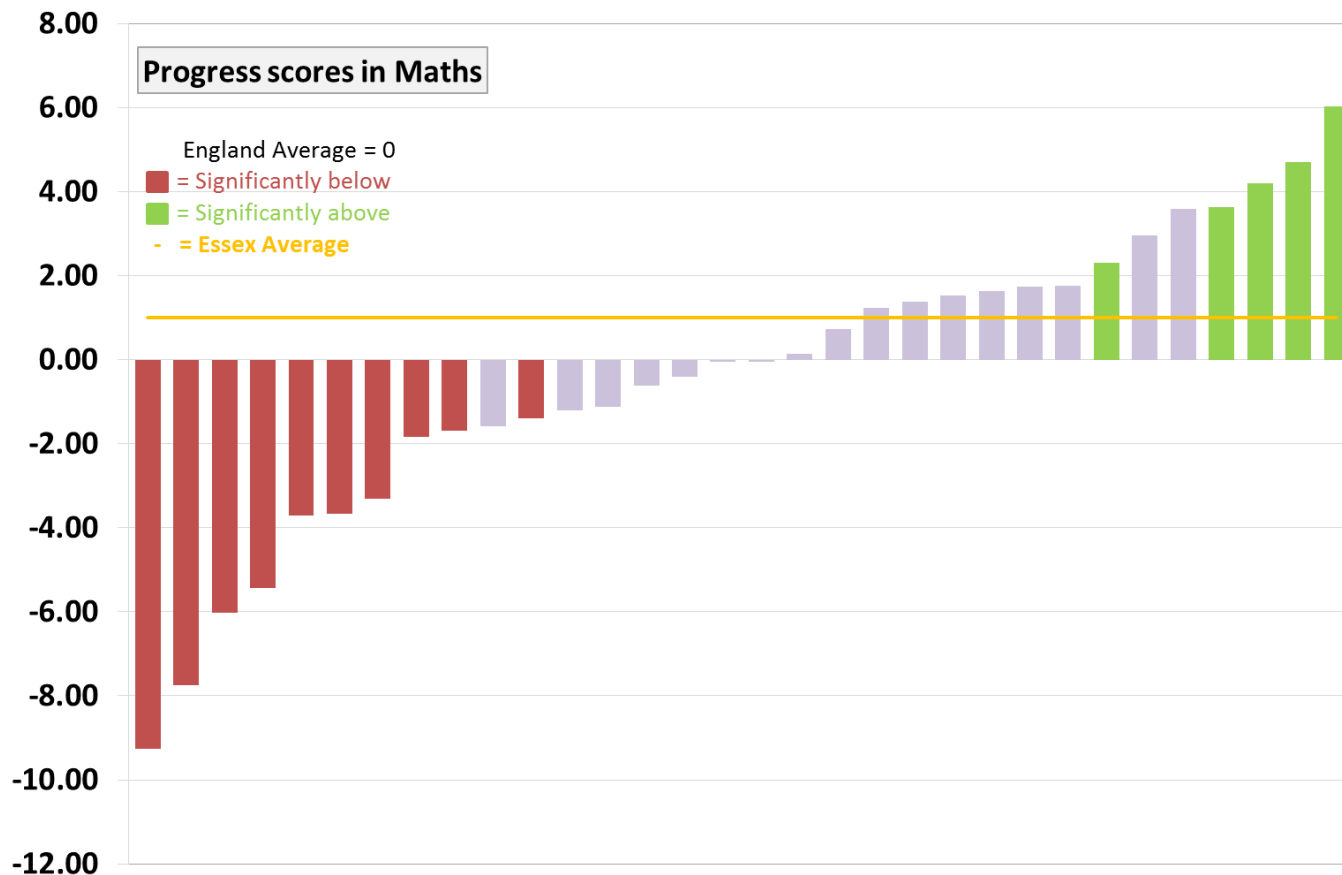

- Progress for most schools in Reading was similar to the national average. (purple bars)
- For two schools progress was significantly lower compared to other schools nationally with similar intakes.
- For six schools the progress that pupils were making was significantly better in Reading compared to schools with similar intakes nationally.

Key Stage 1-2 progress – age 11 - Writing

- Progress for most schools in Writing was similar to the national average. (purple bars)
- For five schools progress was significantly lower compared to other schools nationally with similar intakes.
- For two schools the progress that pupils were making was significantly better in Writing compared to schools with similar intakes nationally.

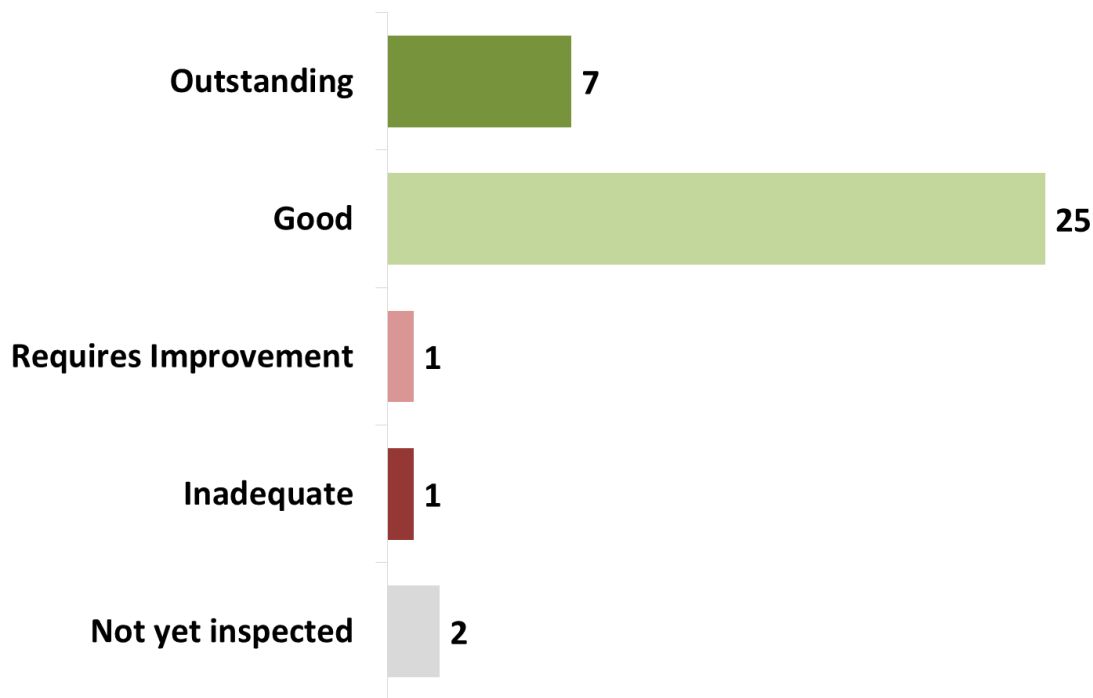

Key Stage 1-2 progress – age 11 - Maths

- Fewer schools were similar to the national for progress in Maths (purple bars).
- For 10 schools progress was significantly lower compared to other schools nationally with similar intakes.
- For five schools the progress that pupils were making was significantly better in Maths compared to schools with similar intakes nationally.

Ofsted Judgements – Primary Schools

Primary Schools - overall Ofsted grade as at September 2016

Uttlesford District

Schools graded good or outstanding:

District average : 94%

District ranking: 3rd of 12

- 11% points improvement since September 2015
- 5% points above Essex average of 91% as at September 2016

Ofsted Judgements – Secondary Schools

Secondary Schools - overall Ofsted grade as at September 2016

Uttlesford District

Schools graded good or outstanding:

District average :
100%

District ranking:
1st (joint) of 12

- An additional school is now graded good or outstanding (having been requires improvement in September 2015) meaning performance **improves from 67% to 100%**
- 9% points higher than Essex average of 91% as of September 2016
