  - a) £4,000 is no longer ring fenced for the larger settlements (i.e., Saffron Walden, Stansted Mountfitchet, Great Dunmow and Thaxted).

## Community Project Grant

### North Area Panel, item 8

- b) each Area Panel's allocation for grants is increased by £10,000 per annum.
- 2 The total budget for the Community Project Grant Scheme has increased to £70,000. This breaks down as follows:
- a) £12,000 has been retained to support Uttlesford Community Travel
  - b) £4,000 has been retained internally for District wide promotions, e.g., signage etc.
  - c) There is £18,000 per area to award to local projects.
- 3 With regard to the North Area Panel, the amount of monies requested for projects is £43,663.10. To this end, Officers have assessed each application and made a recommendation as to the amount of money that would enable the majority of the projects to proceed even if they were to receive a reduced amount of funding..
- 4 The Community Project Grant Scheme is open to any properly constituted voluntary organisation or similar body in the Uttlesford District such as Village Hall Committees, Community Shops, Town and Parish Councils, Community Associations, play and recreation clubs and groups.
- 5 With regard to community facilities, applications may be considered more favourably where a realistic sum is charged for commercial lettings. Applications from churches/religious authorities, schools, sports and arts groups **are not** eligible.
- 6 Applications from organisations in receipt of a grant from the Community Project grant schemes in the last two years will be considered but will be given a lower priority than applications from organisations not having benefitted during the last two years.

#### **Which projects are eligible?**

- 7 Grants will be considered towards expenditure incurred in the provision of any of the following:
- development of land for recreational purposes, including environmental improvements.
  - buildings/facilities that are available for community use e.g. village halls, community centres, public conveniences etc.
  - car parks and access roads to car parks directly associated with a community use building.
  - children's play areas, including equipment and safety surfacing.
  - improvements, refurbishment or extension to any of the facilities outlined above.
