

Report to: TRO Sub Committee, North Essex Parking Partnership

Date: 18th October 2012

Subject: Reinstatement work – update

Author: Shane Taylor

Presented by: Shane Taylor

1. Introduction and Purpose of Report

- 1.1 This report is intended to update members of the lining reinstatement works that the NEPP has undertaken in the last 6 months.
- 1.2 Maintaining the condition of the lines used to inform motorists of parking and waiting restrictions is important to ensure that the restrictions remain enforceable.
- 1.3 The installation of thermoplastic lines on the road requires the carriageway to be dry. The adverse weather conditions we have experienced this summer have affected the amount of lining replacement works undertaken.

2 Works undertaken

- 2.1 The totals of lining works undertaken are listed in the tables below and ordered by District/Borough.
- 2.2 Members are asked to note the works that have taken place.

3 Future Works

- 3.1 Members are asked to be aware that officers will be concentrating on the replacement of street signs as the weather conditions deteriorate over the winter months.

Braintree District

Area/Road	Yellow	Blips	White Lines	Bus Stops	School Zig Zags	Misc
