Situation

An internal audit of Refuse & Recycling has been carried out as part of the 2007/08 internal audit plan. The report contains recommendations to improve internal control and manage risk. The report was issued to relevant managers in accordance with an agreed protocol. A management action plan was included with the attached internal audit report and has been completed.

The Head of Street Services will be present at the meeting to update the Committee on progress towards implementing the recommendations in the report.

Risk Analysis

Risk	Likelihood	Impact	Mitigating actions
The issues highlighted in the report are not acted upon	1 = Little or no Likelihood Action is already being taken towards the implementation of the recommendations contained in the report.	2 = Some impact – action may be necessary There would be varying levels of impact from any non-implementation of the recommendations given the significance of the control risks identified.	Internal audit reports are followed up to ensure compliance. There are escalation procedures in the event of non compliance.
