The existing 1960's extension, whilst of a design and appearance that is of its time, does not contribute to significance of the listed building. The existing cellar access will be moved from the kitchen to the existing corridor. This alteration will improve the kitchen layout and conditions for fire escape. The building is in generally good order and no substantial repairs are anticipated as part of these works, however the spine repair in the first floor bedroom is visual intrusive and limited the height of along this line.
