

Uttlesford District Council

Fast-track equality impact assessment (EqIA) tool

What is this tool for?

This tool will help you to assess the impact of existing or new strategies, policies, projects, contracts or decisions on residents and staff. It will help you to deliver excellent services, by making sure that they reflect the needs of all members of the community and workforce.

What should be equality impact assessed?

You only need to equality impact assess strategies, policies, projects, contracts or decisions that are **relevant** to equality. If you are not sure whether your activity is relevant to equality take the 'relevance test' on Page 9.

How do I use the tool?

This tool is easy to use and you do not need expert knowledge to complete it. It asks you to make judgments based on evidence.

The tool uses a system of red flags  to give you an indication of whether or not your responses are identifying potential issues. Getting a red flag does not necessarily indicate a problem, but it does mean that your assessment is highlighting issues or gaps in data that may require further investigation or action.

If there is insufficient space to answer a question, please use a separate sheet.

Additional evidence gathering and action planning

- 17 If your fast-track assessment indicated that **complex issues** or **inequalities** were identified which could not be easily addressed, or you had **insufficient evidence** to make a judgement, you need to undertake an additional evidence gathering and action planning process. This is described below:
- (a) Gather and analyse relevant additional evidence (which may include engagement with diverse groups), to address gaps in your knowledge, enhance understanding of the issues and inform options for addressing these. Additional evidence is likely to include any or all of the following:
- Data gathering**
- Demographic profiles of Uttlesford
 - Data about the physical environment, e.g. housing market, workforce, employment, education and learning provision, transport, spatial planning and public spaces
 - Results of local needs analysis
 - Results of staff surveys
 - Research reports on the needs/experience of diverse groups
 - National best practice/guidance
 - Benchmarking with other organisations
- Consultation and involvement**
- Existing consultation findings that may provide insight into the issues
 - New, specially commissioned engagement with diverse groups
 - Expert views of stakeholders/employers organisations representing diverse groups
 - Advice from experts or national organisations
 - Specialist staff/in-house expertise.
- (b) For advice on evidence gathering or engagement with diverse groups please contact your departmental equality lead officer. Discuss any proposed consultation with your departmental equality lead officer to ensure it is coordinated with related exercises across the Council as a whole.
- (c) Use your evidence gathering, analysis and engagement with diverse groups to develop options for addressing inequalities or unmet need, consulting with relevant management teams, Members, strategic groups/partners where necessary to confirm proposed actions and resource issues.
- (d) When options for addressing any issues are agreed, if these cannot be implemented immediately integrate them into the appropriate service plan/strategic plan/multi-agency strategy, so that it is clear how they will be delivered, when they will be delivered, by whom and how this will be monitored.

	<p>(e) Identify how the continuing implementation and impact of the strategy, policy, project, contract or decision on diverse groups in Uttlesford will be monitored.</p> <p>(f) Having gathered evidence re-evaluate this assessment.</p> <p>(g) Following completion of the above, please confirm the following:</p>

Ensuring your premises for delivery are easily accessible

In order to ensure that your premises for delivery are accessible to disabled customers and staff, older people and people with small children you should comply with the principles of accessible design summarised below.

In some cases, and for legitimate reasons, this may not be possible. Where this is the case you can still ensure your premises are accessible if you make appropriate reasonable adjustments. For guidance on reasonable adjustments see the 'Key contacts' section at the foot of this page.

Level access

Is there level access into and inside your premises? This means no steps, steep slopes or lips on doorways.

Ramp or lift

If there are steps, can you fit a ramp or install a lift so disabled customers and staff and parents with pushchairs can get in? To be safe ramps must:

- Have a gradient of 1:20 or less
- Have a handrail
- Be firmly fixed to the ground

Bell or buzzer and alarms

Can you install a bell or buzzer outside and go out to disabled customers or staff when they ring? Do you have a visual as well as audible alarm?

Door handles

Are door handles easy to grip and easy to reach for customers or staff who are wheelchair users?

- Use an easy grip handle in a contrasting colour
- Install a magnetic device to hold doors open
- Are door locks easy to handle (not fiddly)?

Doormats

Are any doormats flush with the floor? Avoid bristle matting – it can be difficult for customers or staffs who are wheelchair users.

Colour contrast

Is there a colour contrast between your floors, walls, ceilings and doors? Use matt paint in contrasting colours or different tones.

Corridors and aisles

Are corridors and aisles clear enough for a wheelchair or pushchair to pass through?

Seating

Is there somewhere to sit down if customers or staffs have to queue or wait?

- Have seating with and without armrests, if possible.
- Leave space for a wheelchair user to pull up alongside a seated companion.

Height

Are all key facilities on the main floor? Are popular products on a mid-height shelf, and easy to reach from a wheelchair? Provide a lap tray or clipboard if a lower counter section is not available.

Lighting

Is it easy for visually impaired customers or staff to see everything they need to?

- Make sure your premises are well lit.
- Mark corners, steps and counter edges with high visibility tape so they can be easily seen.
- Keep highly reflective surfaces away from signs to avoid glare.

Guide dogs

If you normally ban animals, you should consider relaxing this for assistance dogs. Remember, it is not just visually impaired people who use assistance dogs.

Signs and labels

Are signs and labels short and easy to read? Are Induction loops available?

- Use large clear text (for example, 24-point text for shelf bar labels)
- Use contrasting colours (for example, black text on a white or yellow background)
- Make sure signs are at a suitable height.

Use visual or picture symbols as well as words, if appropriate.

Ensuring customer contact mechanisms are easily accessible

In order to ensure that customer contact mechanisms are accessible to disabled customers and staff, you should provide a range of alternatives – for example: phone, email, text phone, fax and face-to-face.

In some cases and for legitimate reasons, this may not be possible. Where this is the case you can still ensure customer contact mechanisms are accessible if you make appropriate reasonable adjustments. For guidance on reasonable adjustments see the 'Key contacts' section below.
