This Council recognises that libraries make a significant contribution to education, well-being and community activities.

Any library closures or reductions in services will disproportionately affect the well-being of children and young families, the elderly, the unemployed and other vulnerable groups and increase their social isolation.

We condemn the unnecessary cuts that are being proposed by Essex County Council and we will not allow the removal of services from any library in the district of Uttlesford.

Instead, as a Council committed to enhancing the well-being of our community, we will invest in and develop our libraries.

Proposed amendment by Cllr Sell to Item 13, Budget Proposals 2019/20

“This Council resolves to withdraw financial support from the establishment of a running track at Carver Barracks, Debden. It therefore resolves to transfer the allocated financial support of £500,000 which is currently earmarked within the Strategic Initiatives Fund (SIF) to a new reserve for community infrastructure including sport provision.”

Proposed Amendment from Councillor Rolfe to Item 19, Motion received from Councillor Light

This Council recognises that libraries make a significant contribution to education, well-being and community activities.

Any library closures or reductions in services could potentially affect the well-being of children and young families, the elderly, the unemployed and other vulnerable groups and increase their social isolation.

At the December Council meeting, it was “RESOLVED this Council asks the Cabinet Member for Communities and Partnerships to work with Essex County Council, parish/town councils, voluntary organisations and residents to explore ways in which the library service in Uttlesford is maintained and enhanced, in light of the County Council’s major consultation on the proposed future strategy for the county’s libraries” and we will continue to do this.
