## Summary

This report has been submitted for members to consider the application for a private hire operator application. The grant or refusal of an operator's licence is in accordance with section 55 Local Government (Miscellaneous Provisions) Act 1976 on the basis that a licence must not be granted unless the Authority is satisfied that the applicant is fit and proper.

## Financial Implications

None arising from this report.

## Situation

1. Reachers Cars and Minibus Limited of 163 Uxbridge Road, Rickmansworth, Hertfordshire, WD3 7DW has applied to this Authority on 21 March 2018 for the grant of a private hire operator licence.
2. The address that this Company has stated that they will operate from is Regus, Endeavour House, Stansted Airport, CM24 1SJ.
3. Companies House shows that Asif Iqbal is the sole Director and Secretary of the Company. In October 2016 and October 2017 the Company was due to be struck off Companies House but this was later discontinued.
4. This applicant applied to the Council in 2016 to obtain a licence but when they were notified that the applicant would have to be referred to the Licensing and Environmental Health Committee as they were planning to carry out work predominantly outside the District they withdrew their application. Mr Iqbal was not happy with this and wrote an email to the Council questioning the reasons for their decision which members can see attached.
5. Reachers Cars and Minibus Limited have stated that they wish to licence 40 drivers and 40 vehicles with Uttlesford to do school contract work in Hertfordshire.

6. When Mr Butt, a manager from the Company came into see the Licensing Officer and the Enforcement Officer he paid the application fee, completed the right to work check and provided a basic Disclosure and Barring Service check. He also provided a tenancy agreement from Regus dated 21 March 2018 which is due to run until 30 September 2018. The address for Reachers on the tenancy agreement is their old registered address on Companies House. Mr Butt notified the Officer that he had won school contracts from Hertfordshire County Council and was intending to use a potential Uttlesford operator licence for this. Mr Butt told the Officers that he wanted to be honest and stated that the Office would not be manned.
7. At 15.25 hours, on 12 April 2018, the Enforcement Officer at the request of the licensing department visited Endeavour House, Coopers End Road, Stansted Airport which is where the Regus offices are based. The Officer spoke to the receptionist and she said no-one for the Company was in and the contracts had recently been signed. She stated that they were not a virtual office. The Officer was not allowed entrance to the office for the company as the Officer had no warrant.
8. Mr Butt sent the Enforcement Officer some of the contracts that they intend to run under an Uttlesford private hire operator licence. They were all school contract work to last until 2021 and none of which took place in Uttlesford or Essex. There was no evidence that these contracts were made at the address in Stansted.
9. The Council's policy surrounding the licensing of private hire operators states (number 3.5) 'in addition to the Licensing Standards – Operators, following the decision in R. (on the application of Newcastle City Council) v Berwick-upon-Tweed BC it is the policy of the Council not to licence any operators who do not carry on business predominantly in the District of Uttlesford.
10. Therefore, this application comes before members to determine whether to grant or refuse the application. To grant it would be a departure from the Council's policy and good reasons would need to be given to do this. Also members will need to bear in mind in their decision making that this applicant has told the Licensing Officer that they will not be operating in Uttlesford and the Council have no evidence that the work is 'accepted' or 'invited' (under section 80 Local Government (Miscellaneous Provisions) Act 1976) at the address in Stansted. Therefore, the applicant would be likely to struggle to comply with the conditions of licensing for operators should they be granted a licence.

**Risk Analysis**

Risk	Likelihood	Impact	Mitigating actions
An unsuitable person may be licensed to operate licensed vehicles.	1- Members have an awareness of what constitutes a fit and proper person.	4- Permitting unfit persons to operated private hire vehicles may put the public at risk.	Members consider whether the applicant is a fit and proper person to be granted a private hire operator licence as there are concerns over where they will be operating.

- 1 = Little or no risk or impact
- 2 = Some risk or impact – action may be necessary.
- 3 = Significant risk or impact – action required
- 4 = Near certainty of risk occurring, catastrophic effect or failure of project.

12. To meet group 2 medical standards as published by the Department of Transport.
13. To have a reasonable command of the English language sufficient to enable the driver to perform the functions of a hackney carriage/private hire driver.

#### **APPENDIX B**

##### **LICENSING STANDARDS - OPERATORS**

1. No criminal convictions for an offence of dishonesty in respect of which a custodial sentence (including a suspended custodial sentence) was imposed.
2. No criminal convictions for an offence of dishonesty in respect of which a non-custodial sentence was imposed or convictions under Part II Local Government (Miscellaneous Provisions) Act 1976 within the last 5 years.
3. No other criminal convictions which are not deemed to be spent within the meaning of the Rehabilitation of Offenders Act 1974.
4. No pending prosecution for an offence of dishonesty (other than motoring offences not referred to in paragraph 5 below).
5. Not to have been convicted of or to have accepted a fixed penalty notice in respect of an offence of driving or using a motor vehicle without insurance in the last 3 years.
6. Not to have had a hackney carriage proprietor's licence or private hire operator's licence revoked within the last 3 years.

#### **APPENDIX C**

##### **LICENSING STANDARDS - HACKNEY CARRIAGES**

- 1 To be less than 12 years old.
- 2 To be safe comfortable and suitable in type size and design for use as a hackney carriage.

## APPENDIX H

### CONDITIONS OF LICENCE - PRIVATE HIRE OPERATORS

- 1 The operator shall keep a register of all private hire vehicles which the operator operates containing the following information:
  - a. The make and type of vehicle.
  - b. The vehicle registration number.
  - c. The name and address of the owner of the vehicle.
  - d. The private hire licence number.
  
- 2 The operator shall keep a record of every booking of a private hire vehicle invited or accepted on behalf of the operator including:
  - a. The time and date of the hiring.
  - b. The name of the hirer.
  - c. The name of the driver.
  - d. The start and end points of the journey.
  - e. The fare paid.
  - f. The private hire licence number of the vehicle.
  
- 3 The register and records referred to in paragraphs 1 and 2 above shall be kept in either paper format or electronically in a format which permits immediate inspection in response to a request made under section 56(3) Local Government (Miscellaneous Provisions) Act 1976 and in the case of records kept in an electronic format, must be capable of printed onto paper forthwith.
  
- 4 Records required by these conditions must be retained for at least one year.
  
- 5 Forthwith upon being requested to do so by any authorised officer of the council to provide a printed copy of any electronic records kept by the operator in accordance with these conditions.
  
- 6 The operator must notify the Assistant Chief Executive - Legal of the council in writing within 7 days of:

- a. Any conviction, fixed penalty notice (save for in respect of civil parking fixed penalty notices which cannot result in the endorsement of points upon the driver's licence) or Police caution.
  - b. Any change of his or her residential address.
  - c. Any change of his or her business address.
  - d. Any additional addresses within or outside of the district from which the operator intends to carry on the business as a licensed private hire vehicle operator during the continuation of the licence.
- 7 The operator shall provide a prompt and efficient service to members of the public and in particular:
- a. Ensure that unless delayed or prevented by some cause outside the control of the operator, vehicles attend appointments punctually.
  - b. Any premises to which the public has access for the purposes of booking or waiting are clean, adequately heated, adequately ventilated and well lit.
  - c. Ensure that any waiting area has adequate seating facilities.
- 8 The operator shall notify the Assistant Chief Executive - Legal of Uttlesford District Council of any complaints made against the operator or any driver used by the operator within two working days of receipt of the complaint.

- 2.7. The Assistant Chief Executive - Legal also has delegated authority to refuse licences where applicants do not meet the Council's licensing standards. The Assistant Chief Executive - Legal cannot grant a licence in such cases but if he considers the circumstances are such that an exception to policy could be made he may refer the application to the Licensing and Environmental Health Committee for determination.
- 2.8 The Assistant Chief Executive - Legal may refer a driver or operator to the committee at any time for the committee to consider the revocation of a licence where in the opinion of the Assistant Chief Executive - Legal there are grounds to consider that the driver may not be fit and proper person. The Assistant Chief - Legal may take such action notwithstanding the fact that the driver meets the licensing standards set out in Appendix A to this policy.
- 2.9 Where a decision is taken to grant or refuse an application for a licence which is contrary to the Council's policy clear reasons for that decision will be given.
- 2.10 Where applications for licences are refused the applicants have a right of appeal against that decision. Details of the appeal procedure will be given to unsuccessful applicants along with the written notice of the decision.

### **3. Licensing of Operators**

- 3.1. Private hire vehicles are not permitted to ply or stand for hire and must be pre-booked through an operator. Operators are required to be licensed under the 1976 Act.
- 3.2. The only qualification for a private hire operator is that the Council must be satisfied that he or she is a fit and proper person to hold such a licence. Again the Council has a policy to guide it in its determination as to whether an applicant is a fit and proper person in its Licensing Standards - Operators which is attached as Appendix B.
- 3.3. The standards for operators are not as strict as for drivers. The policy does not take into account conditional discharges after they are deemed spent (whereas for drivers a conditional discharge will be taken into consideration even if spent for 12 months after the date of sentence) or cautions.

This is a pragmatic view as the Council is not entitled to request an enhanced DBS check for operators. Only a standard check is permitted which will not reveal spent convictions or cautions. It is highly unlikely therefore that such matters would come to the attention of the Council. However if such matters were to come to light the Council could have regard to them in determining whether the applicant was a fit and proper person.

- 3.4. The standards for operators also ignore the applicant's driving record save for convictions for no insurance. This is because the driving record of an operator does not impact upon his or her suitability as an operator of vehicles and drivers. If an operator also wishes to act as a driver he or she would need to obtain a driver's licence and on that application would need to meet the Licensing Standards - Drivers. The exception to this policy is for offences of driving or using a vehicle without insurance. As the operator is primarily responsible for ensuring that vehicles he or she operates are properly insured the Council take a view that a conviction for such an offence goes to the issue as to whether that person can be said to be fit and proper.
- 3.5. In addition to the Licensing Standards – Operators, following the decision in R. (on the application of Newcastle City Council) v Berwick-upon-Tweed BC it is the policy of the Council not to licence any operators who do not carry on business predominantly in the District of Uttlesford.
- 3.6. Paragraphs 2.3 - 2.8 above apply to operators' licences in the same way as they apply to driver's licences.

#### **4. Licensing of Vehicles**

- 4.1. Unlike licences for drivers and operators (where the Council must grant a licence if certain criteria are met), the grant of a licence for a vehicle is discretionary.
- 4.2. The Council has policies for vehicles which it is prepared to licence - Licensing Standards - Hackney Carriages and Licensing Standards - Private Hire Vehicles which are attached at Appendices C and D. Whilst every case will be determined on its merits it is unlikely that the Council would

I would respond that we are not able to discuss the operations of others but we are undertaking a review of all operators who appear to have operations based outside our district and where appropriate operators will be referred to committee with a view to the vehicle licences being revoked. In terms of the allegation that we are preventing competition there is no reason why he cannot compete with other operators if he is licensed by the district in which he carries on business.

Michael

I referred this Operator application as the company Reachers Cars & Minibuses Ltd, is based outside Uttlesford and the proposed operating address was [redacted], which is the same address as [redacted]

I spoke to Mr Iqbal and advised him that the application would have to go before committee as you were not happy that he would operate in our area. If my memory serves me correctly, in another phone conversation, Mr Iqbal advised that he would not be going before committee and could a refund be made.

On 15 July Mr Iqbal rang again, to which I emailed him as below. Mr Iqbal has responded to that email as below.

I have copied Amanda into this email as I am holiday from tonight.

Dear Mr Iqbal

Further to our conversation earlier today I would like to apologise for any confusion there may have been in our previous conversation.

Your operator licence application was returned to you as you live outside Uttlesford and Michael Perry, Assistant Chief Executive – Legal, did not believe that you would operate within Uttlesford and that the application would have to go to committee.

When you respond to this email I will forward it to an appropriate person for their response.

For your information the application and refund cheque were posted to you on 12 July.

Dear Sir or Madam,

I am sending you attached all our contracts with the HCC.

This will attached as a separate email and password will come through in separate email to protect and also for data protection reasons.

Please note that I have drivers who are out of work and some whom we are having to pay but not been able to use.

We have also lost contracts as we had to give these back as we could not use the TUPE drivers due to restricted licensing authority reasons.

Also, please could you clarify why this needed to go to the committee as we are a taxi company just like uber, lucketts and many other whom you license and as far as I have checked there has been no amendments to your operational rules. I would appreciate a clarification so I know where as a company we have lacked.

If you require any further clarification with regards to any matter involving our operators license then please do not hesitate to contact myself.

DBS naila iqbal has been delayed as I believe we used a company, which lacked efficiency but they have assured to forward this to us by this week.

Regards

I have not heard from you in relation to my email and you have not supplied me with the contracts you have won and are intending to run under a potential Uttlesford operator licence. This is very disappointing.

This matter will not be heard on 29 May 2018, however I am hoping that it will be dealt with at a potential Committee meeting on 04 June 2018, but I will confirm this in due course.

Dear Mr Butt

You have applied to Uttlesford District Council for the grant of a private hire operator's licence.

This matter has been discussed with our legal team whilst considering our licensing policy and a decision has been made to refer your application to the Council's Licensing and Environmental Health Committee for members to consider the application. Upon hearing the evidence they will then decide whether to grant or refuse your application.

I would be grateful if you could email me a copy of the school contracts that you have been awarded and are intending to run under a potential Uttlesford operator licence.

It is likely that the next available date that the Committee can convene to consider this matter will potentially be 29 May 2018, and therefore no decision will be made before then. I will write up my report once I have received a copy of the school contract and a copy of this will be supplied to you in due course.

Please can you confirm whether you wish to proceed with the application or withdraw it, if you decide to withdraw it then we would refund you the application fee.

Please can you also instruct any drivers that are already licensed with Uttlesford to not contact our licensing team regarding this matter as we will not be commenting on this to them and I suggest that you speak to them about it. You may also consider it prudent to refrain from submitting any further driver and vehicle applications until your operator application has been determined.

I look forward to receiving a copy of the contract from you upon receipt of this email.

## Situation

1. Imtiaz Ahmed of 72 Chambersbury Lane, Hemel Hempstead, Herts, HP3 8BH has made application to this Authority on 27 March 2018 for the grant of a private hire operator licence. A potential licence would carry on under the name of Rainbow Travel Limited which according to Companies House is located at 5-7 Rainbow Travel Limited, Rear of 5-7 College Road, Abbots Langley, Hertfordshire, WD5 0NR
2. The address that this Company has stated that they will operate from is Regus Building Stansted, CM24 1SJ. They initially put on their application form that they will operate from Apsley Station, London Road, Hemel Hempstead, Herts, HP3 9SX but then crossed this out.
3. Companies House have three current directors listed for the Company who are Nuzhat Ahmed who holds the role of a secretary and director and also Imtiaz Ahmed who is the other Director. Companies House also shows that the Company was due to be struck off on 05 July 2017 but this was discontinued on 20 July 2017.
4. Mr Ahmed stated on the application that he intends to employ 10-15 licensed drivers.

5. When Mr Ahmed came into see the Licensing Officer he paid the application fee, completed his right to work check and provided his basic Disclosure and Barring Service check. He also provided a tenancy agreement from Regus which commenced from 26 March 2018 and is due to expire on 30 September 2018. He also notified the Officer that he had won school contracts from Hertfordshire County Council and was intending to use a potential Uttlesford operator licence for this.
6. At 15.25 hours, on 12 April 2018, the Enforcement Officer at the request of the licensing department visited Endeavour House, Coopers End Road, Stansted Airport which is where the Regus offices are based. The Officer spoke to the receptionist and she said no-one for the Company was in and the contracts had recently been signed. She stated that they were not a virtual office. The Officer was not allowed entrance to the office for the company as the Officer had no warrant.
7. Mr Ahmed has supplied the Enforcement Officer with some copies of the schedules of contracts he would use his potential Uttlesford operator licence with. All of the contracts are for school contract work outside of Uttlesford and Essex. All of the contracts were made at Mr Ahmed's address of 172 Chambersbury Lane, Hemel Hempstead, Herts, HP3 8BH.
8. The Council's policy surrounding the licensing of private hire operators states (number 3.5) 'in addition to the Licensing Standards – Operators, following the decision in R. (on the application of Newcastle City Council) v Berwick-upon-Tweed BC it is the policy of the Council not to licence any operators who do not carry on business predominantly in the District of Uttlesford.
9. Therefore, this application comes before members to determine whether to grant or refuse the application. To grant it would be a departure from the Council's policy and good reasons would need to be given to do this. Also members will need to bear in mind in their decision making that this applicant has told the Licensing Officer that they will not be operating in Uttlesford and the contracts are not 'invited' or 'accepted' via the Uttlesford office. Therefore the applicant would be likely to struggle to comply with the conditions of licensing for operators should they be granted a licence.

**Risk Analysis**

Risk	Likelihood	Impact	Mitigating actions
An unsuitable person may be licensed to operate licensed vehicles.	1- Members have an awareness of what constitutes a fit and proper person.	4- Permitting unfit persons to operated private hire vehicles may put the public at risk.	Members consider whether the applicant is a fit and proper person to be granted a private hire operator licence as there are concerns over where they will be operating.

- 1 = Little or no risk or impact
- 2 = Some risk or impact – action may be necessary.
- 3 = Significant risk or impact – action required
- 4 = Near certainty of risk occurring, catastrophic effect or failure of project.

12. To meet group 2 medical standards as published by the Department of Transport.
13. To have a reasonable command of the English language sufficient to enable the driver to perform the functions of a hackney carriage/private hire driver.

#### **APPENDIX B**

##### **LICENSING STANDARDS - OPERATORS**

1. No criminal convictions for an offence of dishonesty in respect of which a custodial sentence (including a suspended custodial sentence) was imposed.

  - c. Any change of his or her business address.
  - d. Any additional addresses within or outside of the district from which the operator intends to carry on the business as a licensed private hire vehicle operator during the continuation of the licence.
- 7 The operator shall provide a prompt and efficient service to members of the public and in particular:
- a. Ensure that unless delayed or prevented by some cause outside the control of the operator, vehicles attend appointments punctually.
  - b. Any premises to which the public has access for the purposes of booking or waiting are clean, adequately heated, adequately ventilated and well lit.
  - c. Ensure that any waiting area has adequate seating facilities.
- 8 The operator shall notify the Assistant Chief Executive - Legal of Uttlesford District Council of any complaints made against the operator or any driver used by the operator within two working days of receipt of the complaint.

- 2.7. The Assistant Chief Executive - Legal also has delegated authority to refuse licences where applicants do not meet the Council's licensing standards. The Assistant Chief Executive - Legal cannot grant a licence in such cases but if he considers the circumstances are such that an exception to policy could be made he may refer the application to the Licensing and Environmental Health Committee for determination.
- 2.8 The Assistant Chief Executive - Legal may refer a driver or operator to the committee at any time for the committee to consider the revocation of a licence where in the opinion of the Assistant Chief Executive - Legal there are grounds to consider that the driver may not be fit and proper person. The Assistant Chief - Legal may take such action notwithstanding the fact that the driver meets the licensing standards set out in Appendix A to this policy.
- 2.9 Where a decision is taken to grant or refuse an application for a licence which is contrary to the Council's policy clear reasons for that decision will be given.
- 2.10 Where applications for licences are refused the applicants have a right of appeal against that decision. Details of the appeal procedure will be given to unsuccessful applicants along with the written notice of the decision.

### **3. Licensing of Operators**

- 3.1. Private hire vehicles are not permitted to ply or stand for hire and must be pre-booked through an operator. Operators are required to be licensed under the 1976 Act.
- 3.2. The only qualification for a private hire operator is that the Council must be satisfied that he or she is a fit and proper person to hold such a licence. Again the Council has a policy to guide it in its determination as to whether an applicant is a fit and proper person in its Licensing Standards - Operators which is attached as Appendix B.
- 3.3. The standards for operators are not as strict as for drivers. The policy does not take into account conditional discharges after they are deemed spent (whereas for drivers a conditional discharge will be taken into consideration even if spent for 12 months after the date of sentence) or cautions.

This is a pragmatic view as the Council is not entitled to request an enhanced DBS check for operators. Only a standard check is permitted which will not reveal spent convictions or cautions. It is highly unlikely therefore that such matters would come to the attention of the Council. However if such matters were to come to light the Council could have regard to them in determining whether the applicant was a fit and proper person.

- 3.4. The standards for operators also ignore the applicant's driving record save for convictions for no insurance. This is because the driving record of an operator does not impact upon his or her suitability as an operator of vehicles and drivers. If an operator also wishes to act as a driver he or she would need to obtain a driver's licence and on that application would need to meet the Licensing Standards - Drivers. The exception to this policy is for offences of driving or using a vehicle without insurance. As the operator is primarily responsible for ensuring that vehicles he or she operates are properly insured the Council take a view that a conviction for such an offence goes to the issue as to whether that person can be said to be fit and proper.
- 3.5. In addition to the Licensing Standards – Operators, following the decision in R. (on the application of Newcastle City Council) v Berwick-upon-Tweed BC it is the policy of the Council not to licence any operators who do not carry on business predominantly in the District of Uttlesford.
- 3.6. Paragraphs 2.3 - 2.8 above apply to operators' licences in the same way as they apply to driver's licences.

#### **4. Licensing of Vehicles**

- 4.1. Unlike licences for drivers and operators (where the Council must grant a licence if certain criteria are met), the grant of a licence for a vehicle is discretionary.
- 4.2. The Council has policies for vehicles which it is prepared to licence - Licensing Standards - Hackney Carriages and Licensing Standards - Private Hire Vehicles which are attached at Appendices C and D. Whilst every case will be determined on its merits it is unlikely that the Council would

Dear Sir/Madam,

I thank you for your email, Please accept my apology for late response , I am sending you attached some of our contracts with the HCC.

This will attached as a separate email and password will come through in separate email for data protection reasons.

Please note that I have drivers who are out of work and some whom we are having to pay but not been able to use.

We have also lost some contracts as we had to give few back as we could not use the TUPE drivers due to restricted Licensing authority reasons.

Also, please could you clarify why this needed to go to the committee as we are a taxi company just like [redacted] and many other whom you license and as far as I have checked there has been no amendments to your operational rules, I would appreciate a clarification so I know where as a company we have lacked.

If you require any further information with regards to any matter involving our Operators license please do not hesitate to contact myself.

I have sent a copy of my DBS to Joanna please let me know if you like me to provide the original.

Best Regards

Dear Mr Ahmed

I have not heard from you in relation to my email and you have not supplied me with the contracts you have won and are intending to run under a potential Uttlesford operator licence. This is very disappointing.

This matter will not be heard on 29 May 2018, however I am hoping that it will be dealt with at a potential Committee meeting on 04 June 2018, but I will confirm this in due course.

Kind regards

**Subject:** Application for a private hire operator's licence

Dear Mr Ahmed

You have applied to Uttlesford District Council for the grant of a private hire operator's licence.

This matter has been discussed with our legal team whilst considering our licensing policy and a decision has been made to refer your application to the Council's Licensing and Environmental Health Committee for members to consider the application. Upon hearing the evidence they will then decide whether to grant or refuse your application.

I would be grateful if you could email me a copy of the school contracts that you have been awarded and are intending to run under a potential Uttlesford operator licence.

It is likely that the next available date that the Committee can convene to consider this matter will potentially be 29 May 2018, and therefore no decision will be made before then. I will write up my report once I have received a copy of the school contract and a copy of this will be supplied to you in due course.

Please can you confirm whether you wish to proceed with the application or withdraw it, if you decide to withdraw it then we would refund you the application fee.

Please can you also instruct any drivers that are already licensed with Uttlesford to not contact our licensing team regarding this matter as we will not be commenting on this to them and I suggest that you speak to them about it. You may also consider it prudent to refrain from submitting any further driver and vehicle applications until your operator application has been determined.

I look forward to receiving a copy of the contract from you upon receipt of this email.

Kind regards
