GAP30 **AUDIT PLAN**

Mr Eagles (BDO) gave a summary of the Audit Planning Report for the year ending 31 March 2020. He outlined the Audit Risks Overview and highlighted the new risk identified of Commercial investments. He explained the basis for the planned fees based on the PSAA- published level and that a letter from PSAA had been sent out in December. It was recognised that discussions on the total fee impact would be held initially with officers in the context of detailed operational planning and interim audit scope so as to best mitigate increases.

The Director - Finance and Corporate Services said that he was unaware of the letter but would follow this matter up.

In response to a Member question about whether the scope of audit work had changed, Mr Eagles confirmed that it had, that fees would reflect actual work undertaken and that fee levels were a national issue.

The Chair accepted the Audit Plan as stated.

GAP31 **INTERNAL AUDIT PROGRESS REPORT 01 SEPTEMBER TO 15 DECEMBER 2019**

The Audit Manager gave a summary of the report, which detailed work undertaken by Internal Audit since the last report to the Committee on 26 September 2019 and provided an update on implemented and outstanding internal audit recommendations.

She said that all 2018/19 audits had been completed and provided an updated position since 15 December 2019. The Environmental Health Commercial Food Safety audit had been postponed until Quarter1 in 2020/21 due to lack of senior officer resources in Environmental Health. The audit of Members Allowances had been delayed but was due to start shortly.

In response to Members' questions about the audit opinion of "little" allocated to the Business Continuity and Emergency Planning audit, the Audit Manager explained the basis of the rating and stated that she intended to review the basis of audit opinions. The Chief Executive said that there was a new Emergency Planning Officer in post and that Business Continuity progress and future steps would be outlined to Members. There was a need to embed a new approach and to train people accordingly.

The Chair noted the Internal Audit Progress Report as per the recommendation.

GAP32 **CYBER SECURITY UPDATE**

The Assistant Director – ICT and Facilities gave a summary of the report which reported the work undertaken on cyber security and updated Members on the second year of the Local Government Association's stock take questionnaire. In response to Members' comments and questions about specific polling stations, the Chief Executive said that the European Parliamentary Election and the General Election had enabled some new sites to be tested and explained how the cost of elections could be claimed back from the Government.

In accordance with the recommendation, the committee approved the Returning Officer's recommendations for a revised Scheme of Polling District and Polling Places for the Saffron Walden Parliamentary Constituency with effect from 31 January 2020, as set out in Appendix 1.

GAP34 PUBLIC PARTICIPATION AT PLANNING COMMITTEE MEETINGS

The Assistant Director – Governance and Legal gave a summary of the report which detailed proposals made by a Working Group to enhance public participation at Planning Committee meetings which had been trialled since 21 August 2019. Public participation rights formed part of the Council's Constitution and changes to the Constitution were reserved for full Council on recommendation of this Committee. The report asked the Committee to recommend that the Council implemented the changes on a permanent basis.

Members suggested that the proposal to allow town/ parish council representatives to comment on statements of fact made by applicants/ agents should be extended to ward councillors (District and County). However, members were hesitant about making changes to the proposals developed by the Working Group.

The Assistant Director – Governance and Legal suggested that he consult Planning Committee members about the proposed change and report any reservations to Council when it considered the Committee's recommendations. This course of action was supported.

RESOLVED that the Committee recommends Full Council to:

- a. Adopt the changes to Planning Committee procedure identified in paragraph 8 of this report, together with an addition to paragraph 8e that the invitation to comment on statements of fact be extended to ward Councillors (District and County) who are present.
- b. Authorise the Assistant Director, Governance and Legal to amend the text of the Constitution to reflect the changes agreed.

He highlighted that two KPIs had exceeded the 10% performance threshold and had therefore attained a 'red' status.

In response to a Member question relating to targets being reduced for Environmental Services KPI 14, the Assistant Director – Corporate Services said that the Committee had approved this target and that targets for 2020/21 would be brought to the next meeting and he would ensure that appropriate Environmental Services information was included. The PFI and Performance Officer confirmed that he would bring back a report on this area.

In response to a Member question relating to PIs in the Environmental Health (Commercial) area and staff shortages, the Director – Finance and Corporate Services said that the submitted data related to the period before staff had left.

Members expressed the general view that they would not expect targets to be dropped.

The meeting closed at 8:40pm
