## Situation

8. The Residents for Uttlesford took over the administration of the council in May following the local elections. The Group have taken time primarily with their party members to develop priority proposals. Their formulation has also been guided by party-run stakeholder events and from listening to the issues raised by residents during campaigning for the local elections.
9. The document attached at Enclosure 1 provides a skeleton of the draft corporate plan on which comment and feedback is sought to inform and shape the further work being undertaken. It sets out the theme of each priority, why it is important and identifies at a strategic level what will be done under each theme.
10. The intention is to bring a further worked up draft of the corporate plan to the Scrutiny Committee in December, ahead of the final work on the corporate plan to be considered by Council in February alongside the budget and medium term financial strategy (MTFS).
11. At that time it is intended that a draft delivery plan is also made available to council to understand how the strategic ambitions translate into actions.
12. Residents will have the opportunity to comment on the corporate priorities next summer, when the council's long term financial position is better understood. It is possible that while the priorities may not change, the actions may need to be reshaped to align with the resources available.

## Vision

13. The draft corporate plan proposes a new vision for the council as: *Making Uttlesford the best place to live, work and play.*

## Priorities

14. This draft corporate plan builds on the current corporate plan in prioritising the community leadership role of the council and emphasises the focus on the residents' voice.
15. Four priorities are proposed:
- Putting residents first
  - Active place-maker for our towns and villages
  - Progressive custodian of our rural environment
  - Championing our District
16. The 'We will:' commitments are intended to give a broad sense of the areas of focus under each theme heading; further drafts will define the detailed actions to be taken.
17. The draft corporate plan does not propose any measurements of success at this time and it is not proposed to include them for 2020/21. It is clear that the basis of local government funding will change radically prior to 2021/22 as a consequence of the Fair Funding Review, review of business rates and the withdrawal of new homes bonus. Once the implications are known for the council, appropriate realistic and achievable measures can be defined to fit with the resources available.
18. However, as has been previous practice, an annual delivery plan will be developed by the Cabinet to ensure measurable outputs are delivered within allocated resources.

## Risk Analysis

19.

Risk	Likelihood	Impact	Mitigating actions
The Council fails to deliver on its priorities	1 – The Delivery Plan will set out an achievable programme of work for 2020/21	3 – If staff are not sufficiently focused on the priorities, some projects bringing benefit to the community may not be delivered	Greater clarity and explanatory narrative enables staff to understand the priorities more clearly; the Delivery Plan alongside the budget will ensure that adequate resources are allocated; activities will feature in service and individual performance plans

1 = Little or no risk or impact

2 = Some risk or impact – action may be necessary.

3 = Significant risk or impact – action required

4 = Near certainty of risk occurring, catastrophic effect or failure of project.
