

UTTLESFORD DISTRICT COUNCIL

BUSINESS RATES - DISCRETIONARY RATE RELIEF/DISCOUNT POLICY

EFFECTIVE 1st April 2020

Approved by Council

Policy objectives

1. To support the local economy by providing incentives for occupation of empty premises, encourage business start-up and business expansion within Uttlesford.
2. To support rural communities by providing assistance to businesses operating in rural locations.
3. To contribute to maximising the Council's financial position under the business rates retention scheme by encouraging longer term rateable value growth.
4. To support town centre high streets evolve during a period of significant changes in customer behaviour.

Administration

5. The policy will be administered by the Council's Revenues service, which will determine the relief application process.
6. The Revenues service will determine applications for relief, using the criteria set out in this policy. Applications for the Business Development category of relief will be assessed by the Council's Economic Development Officer who will notify the Revenues service of decisions made. The Council will have discretion to backdate awards of relief to the beginning of the current billing period.
7. Eligibility for relief will typically be based upon objective criteria such as the rateable value, location and nature of an organisation's business. A business's profitability will not ordinarily be a relevant factor for determining eligibility. The intention is for a streamlined process that is simple to administer for both applicants and the Council. The Council shall have the right to request any additional information it considers necessary to determine an application.
8. The over-riding consideration in the determination of any application is that the granting of relief must be judged to be in the wider interests of the Uttlesford community and its council tax payers.
9. Appeals against unsuccessful applications for relief will be determined by the Section 151 Officer, whose decision shall be final. There is no further right of appeal.
10. The granting of discretionary relief will typically be on a rolling one-year basis so that the Council has the agility to adjust the policy to reflect changing needs and circumstances.
11. The policy will be subject to annual review and approval by the Cabinet.

State Aid Limitations

12. All granting of discretionary rate relief is subject to limitations under applicable State Aid legislation and associated De Minimis Regulations.
13. The Regulations currently allow a business to receive up to 200,000 Euros of state aid over a rolling three year period.

14. In practice, this means that smaller, independent businesses are more likely to be eligible for a relief/discount and larger, national businesses (e.g. chain stores) less likely.
