1. INTRODUCTION

- 1.1 These Financial Regulations are based upon CIPFA guidance with amendments to reflect the Council's requirements.
- 1.2 Financial Regulations provide the framework for managing the Council's financial affairs. They apply to every Member and Officer of the Council and anyone acting on its behalf.
- 1.3 All Members and Officers have a general responsibility to provide for the security of the assets under their control, and for ensuring that the use of resources is legal, properly authorised and achieves best value.
- 1.4 Reference to the 'CFO' in this document means the Officer appointed to act as Section 151 Officer.
- 1.5 Financial Regulations are to be used in conjunction with the Constitution and Scheme of Delegation and the CFO, in consultation with the Monitoring Officer, shall determine any matter on which conflict may arise.
- 1.6 The CFO shall issue advice and guidance to underpin the financial regulations.
- 1.7 The CFO shall review the Financial Regulations and submit any revisions necessary to the Audit Committee and then Full Council for approval. The CFO shall report, where appropriate, breaches of the Financial Regulations to the Full Council and/or other appropriate committees.
- 1.8 The Regulations refer to the responsibilities of Chief Officers (COs) and Deputy Chief Officers (DCOs). In this context COs are the Chief Executive and Chief Officers as defined by the Local Government & Housing Act (LGHA) 1989. In practice this means the Monitoring Officer, Section 151 Officer (CFO) and Directors. DCOs are as defined in the LGHA 1989 and are those senior officers responsible for managing services and who report directly to a CO. The advantage of using this terminology is that future changes to structure or job title will not render the Regulations out of date.
- 1.9 Any duties and responsibilities of COs & DCOs in these Financial Regulations may be delegated to another officer with the agreement of the CFO. The terms of any such delegation shall be documented in a form approved by the CFO. Any reference to COs & DCOs in these Regulations shall be deemed to be a reference to such authorised officers.
- 1.10 Failure to observe these Regulations may be classified as misconduct justifying disciplinary action.

- 4.5 The CFO shall advise on effective systems of internal control. These arrangements need to ensure compliance with all applicable statutes and regulations, and other relevant statements of best practice. They should ensure that public funds are properly safeguarded and used economically, efficiently, and in accordance with the authorities that govern their use.
- 4.6 COs & DCOs shall establish sound arrangements for planning, appraising, authorising and controlling their operations in order to achieve continuous improvement, economy, efficiency and effectiveness and for achieving their financial performance targets.

Audit requirements

In addition, compliance with Public Sector Internal Audit Standards is mandatory for all Internal Auditors working in the UK public sector. The Monitoring Officer shall ensure that this is achieved.
- 4.8 The Council will appoint their own external auditors by either engagement through procurement or using the Public Sector Appointments Limited (PSAA). The duties of the external auditor are governed by Local Audit and Accountability Act 2014.

 - suitable treasury management practices (TMPs), setting out the manner in which the organisation will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities

- 4.16 The content of the policy statement and TMPs will follow the recommendations contained in Sections 6 and 7 of the Code, subject only to amendment where necessary to reflect the particular circumstances of the Council. Such amendments will not result in the Council materially deviating from the Code's key principles.
- 4.17 The Full Council will receive reports on its treasury management policies, practices and activities, including, as a minimum, an annual strategy and plan in advance of the year, a mid-year review and an annual report after its close, in the form prescribed in its TMPs.

7. VIREMENT, YEAR END BALANCES AND SUPPLEMENTARY ESTIMATES

Scheme of virement

- 7.1 A virement is the transfer of money from one approved Service Budget to another and from one Subjective Code to another. A Service Budget is categorized by a separate entry in the Budget Book (e.g. Animal Warden). Budget Holder responsibility for each Service budget is also detailed in the Budget Book. A Subjective Code is a category of expenditure or income e.g. salaries, premises costs, fees & charges income.
- 7.2 Budget Holders are authorised to incur expenditure in accordance with the budget approved by Full Council. Inevitably, changes in the underlying assumptions that underpin the budget occur, necessitating budget adjustments. The scheme of virement provides flexibility to manage budgets within the overall policy framework determined by Full Council.
- 7.3 The Council shall operate a Rolling Budget. A Rolling Budget means that virements shall be enacted as and when changes in circumstances or assumptions underlying the budget occur, and ensures that actual transactions are reported and monitored against an up to date budget.
- 7.4 A virement does not create additional budget availability. Budget Holders shall manage their budgets responsibly and avoid supporting additional recurring expenditure from one off sources of income and avoid creating future commitments, including full-year effects of decisions made part way through a year, for which they have not identified future resources.

Virement rules

- 7.5 The following general restrictions on virements shall apply:
- A virement is only permissible if there has been a change in circumstances or assumptions that underpin the original budget approval. Virements for the purpose of masking variances from the approved budget shall not be allowed.
 - The net effect of any and all virements on the Council's net budget requirement shall always be neutral.
 - Virements from non-pay to pay Subjective Codes are not permitted except when to do so would represent good value for money (e.g. replacement of agency staff budget with temporary salaries budget). This will be determined by the CFO.
 - Virements between the General Fund and Housing Revenue Account are not permitted.
 - Virements between revenue and capital budgets are not permitted.
 - No virement relating to a specific financial year should be made after 31 March in that year.
 - The minimum level for virements is £1,000.

- Authorisation of virements shall be in writing using a form determined by the CFO for the purpose.
- 7.6 Virements between Subjective Codes within a Service Budget may be authorised by the Budget Holder, without financial limit.
- 7.7 Budget Holders may authorise virements of up to £10,000 between Service Budgets they are responsible for as detailed in the budget book. Such virements require additional authorisation by the CFO.
- 7.8 Virements of up to £10,000 between Service Budgets controlled by different Budget Holders may be made if approved by those Budget Holders. Such virements require additional authorisation by the CFO.
- 7.9 Virements between Service Budgets exceeding £10,000 and up to £50,000 require the authorisation of CMT based upon a report jointly authored by the Budget Holder(s) and CFO. Such virements to be reported for information to the Cabinet.
- 7.10 Virements between Service Budgets exceeding £50,000 require the authorisation of Cabinet based upon a report jointly authored by the Budget Holder(s) and CFO.

Treatment of year-end balances

- 7.11 The rules below cover arrangements for the transfer of budgets between financial years, i.e. slippage.
- 7.12 Financial year end variances on Service Budgets shall not, as a matter of course, be carried forward to the following financial year. Such variances shall be managed corporately via transfers to and from reserves.
- 7.13 Requests for slippage of unspent budgets shall only be considered where the Service Budget shows an underspend of at least an equivalent amount to the slippage request. The request shall include specific details of the expenditure for which slippage is being sought.
- 7.14 Slippage requests shall relate to a specific activity or project with identifiable reasons why such activity did not take place within the financial year as originally envisaged.
- 7.15 The minimum amount for slippage is £1,000.
- 7.16 CMT shall determine individual slippage requests up to a maximum of £50,000. Amounts in excess of this shall be submitted to the Cabinet for approval. There is no upper limit on the individual amount of a slippage request.
- 7.17 Commitments shall not be entered into prior to approval.

Supplementary Estimates

- 7.18 Supplementary Estimates are requests for increases in total spending permission additional to those approved in the Revenue Budget and Capital Programme.
- 7.19 Wherever possible a Supplementary Estimate shall be managed by virement in accordance with the virement rules contained within these Financial Regulations.
- 7.20 Where a Supplementary Estimate cannot be managed by virement, approval by Cabinet is required based upon a report jointly authored by the responsible member of CMT and CFO. Authorisation shall only be given in the following exceptional circumstances:
- Unavoidable expenditure which cannot be contained by virement
 - To enable opportunistic purchase of land or the issue of planning revocations, or purchase notices under relevant Planning Acts.
 - The use of general or earmarked reserves for specific purposes.
 - To cover expenses incurred in dealing with emergencies and disasters.
- 7.21 Supplementary Estimates shall be funded by one or a combination of the following:
- Virement
 - Additional income
 - Transfer from reserves
 - Transfer from Working Balance
- 7.22 Wherever practicable the approval of Cabinet shall be obtained before any commitment is entered into. If this is not possible the Finance Portfolio Holder and Portfolio Holder responsible for the service (if different) shall be consulted.
