

**Committee:** Cabinet

**Date:** 30 November  
2017

**Title:** Treasury Management Mid-Year Review 2017/18

**Portfolio Holder:** Councillor Simon Howell, Cabinet Member for Finance & Administration

Key decision: **No**

---

## Summary

1. The Authority adopted the Chartered Institute of Public Finance and Accountancy's *Treasury Management in the Public Services: Code of Practice 2011 Edition* (the CIPFA Code) which requires the Authority to approve treasury management semi-annual and annual reports.
2. This report is for the period 1 April to September 2017.
3. The Authority's treasury management strategy for 2017/18 was approved at a meeting of the Authority on 24 February 2017.
4. The Authority has borrowed and invested substantial sums of money and is therefore exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. The successful identification, monitoring and control of risk are therefore central to the Authority's treasury management strategy.
5. This report is to give members an update on the current Treasury Activities and other factors that may influence or affect the financial market.
6. Treasury Management activities are defined by CIPFA as:

*"The management of the Council's investments, borrowing and cash flows, its banking, money market and capital market transactions, the effective control of the risks associated with those activities and the pursuit of optimal performance consistent with those risks."*

## Recommendation

7. No recommendations; this report is for information only and for members to note.

## Financial Implications

8. None.

## Impact

Communication/Consultation	None
Community Safety	None
Equalities	None

Health and Safety	None
Human Rights/Legal Implications	None
Sustainability	None
Ward-specific impacts	None
Workforce/Workplace	None

## Background

9. The main risks to the Council's treasury activities are:
  - Liquidity risk (inadequate cash resources)
  - Market or interest rate risk (fluctuations in interest rates)
  - Inflation risk (exposure to change in prices)
  - Credit and counterparty risk (security of investments)
  - Refinancing risks (impact of debt maturing in future years)
  - Legal and regulatory risk (i.e. non-compliance with requirements)
10. A detailed report is attached as Appendix A and this has been compiled together with Arlingclose Ltd.
11. The main area of focus currently is the introduction of MiFID II, where Local Authorities will lose their professional status and are re-categorised as retail clients unless they 'opt up', (more detail is available on page 3 of appendix A).
12. To opt up the Council is required to have investments greater than £10m and Treasury Managers (with authorising responsibilities) to have more than one year's experience. The Council meets the criteria and is in the process of opting up to professional status.
13. The implications of not opting up are that we would have limited access to the financial markets for both investing and borrowing and to the current level of professional treasury management advice and support.
14. Since compiling the attached report the Bank of England increased the base rate by 0.25% on the 2 November 2017. At this point in time the increase has had no impact on either investment or borrowing.

15. The table below gives full details of the investments placed for the period April to September 2017.

Date of Investment	Counterparty	Amount (£)	Date of Repayment	Interest Rate
03/04/2017	DMO	9,000,000	06/04/2017	0.10%
