## Situation

1. Council adopted a new Corporate Plan 2020-2024 at its meeting in February 2020; this had been proposed by the new administration elected in May 2019. The Corporate Plan sets out the vision for the next four years and the priority areas of work to deliver that vision.
2. The corporate plan 2020-2024 has now been reviewed by the Executive and a draft corporate plan 2021-2025 is attached at enclosure 1. The corporate plan is reviewed annually but the expectation is that having adopted a new one in 2020, the annual review will be light touch and result in no/little change.
3. However, the last 12 months has seen two major events impact on the work of the council. This review, therefore, included specific consideration of the potential for change in light of these events:
4. Covid19 pandemic: It is considered that the plan holds up well, even in light of the significant impact the pandemic has had on our residents, businesses and communities. Therefore no change is recommended.
5. The withdrawal of the local plan and commencement of a new one: It is considered that the plan holds up well, even in light of the significant step taken by the council to withdraw the emerging local plan and commence work on a new one. Therefore no change is recommended.
6. However, one small change is proposed. Under the theme: Putting Residents First, it is proposed that 1c (which currently reads 'Increase the reach of the Youth Council') is changed to 'Provide opportunities for young people'.
7. The intention is to broaden the work undertaken to support young people, which will continue to include supporting and encouraging the youth council, but may also include doing things that provide positive opportunities for young people to be able to engage with their local community and do things that interests them, keeps them safe, makes them happy and supports improved mental wellbeing.
8. Members will be aware that a corporate plan delivery plan is prepared by the Executive, which defines the actions to be taken. The financial implications arising from the draft delivery plan are reflected in the budget papers being considered by the Committee at this meeting.

9. The delivery plan for 2021-22 has been drafted and will be brought to Scrutiny Committee at its meeting in March, ahead of being adopted by Cabinet later in the month. This will reflect any changes made to the Corporate Plan and/or the budget and will build on the progress made in 2020-21, which will also be reported at the March meeting of Cabinet.

## Risk Analysis

10.

Risk	Likelihood	Impact	Mitigating actions
The Council fails to deliver on its priorities	1 – The Delivery Plan will set out an achievable programme of work for 2021/22	3 – If staff are not sufficiently focused on the priorities, some projects bringing benefit to the community may not be delivered	Greater clarity and explanatory narrative enables staff to understand the priorities more clearly; the Delivery Plan alongside the budget will ensure that adequate resources are allocated; activities will feature in service and individual performance plans

1 = Little or no risk or impact

2 = Some risk or impact – action may be necessary.

3 = Significant risk or impact – action required

4 = Near certainty of risk occurring, catastrophic effect or failure of project.
