Uttlesford District Council's four year Corporate Plan was first published in this form in 2020, reflecting the priorities of the council administration elected in May 2019, and setting out the ambitious programme of improved outcomes for local communities on which the Council was to focus over coming years. This Corporate Plan was subsequently reviewed in 2021, rolling forward those priorities, and those priorities are reaffirmed again in this latest review in 2022.

These priorities and the scale of ambition remain consistent – detailed actions behind this high-level plan are set out in a separate Corporate Plan Delivery Plan document published alongside it. This Delivery Plan is updated substantially year by year, both to reflect progress made, and to accommodate changing circumstances in the world, not least the Coronavirus pandemic. Progress is reported on quarterly, and sits alongside the council's wider performance management systems.

Both Corporate Plan documents, in turn, are supported by a series of Service Plans, prepared at an operational level by each council service area.

This suite of documents sits alongside a range of others, which help keep the whole council focused on achieving these ambitions. These include the authority's rolling five year Medium Term Financial Strategy, and its annual Budget. Major initiatives and projects also have their own strategy and delivery documents, such as the Climate Crisis Strategy and Climate Crisis Action Plan.

There is a 'golden thread' through all these strategy documents, aligning all of the Council's work towards achieving the positive outcomes for local people set out in this Corporate Plan.

Uttlesford District Council will be facing a substantial financial challenge over the coming five years, including through the period of this revised Corporate Plan, and the details of this are laid out in the parallel Medium Term Financial Strategy. That the Corporate Plan has not been more fundamentally revised in this annual review is the result of a conscious choice: Uttlesford's ambitions for improving outcomes are not being set aside.

To square this circle, one further new additional strategy is being added to the suite – Blueprint Uttlesford – setting out the authority's approach over the next five years.

A district council has the ability to both lead and serve its community in work to improve lives – this Corporate Plan sets out a substantial breadth and great height of ambition, both for the services directly within its control, and for those of other partner agencies with whom it partners and over whom it has influence.
