Please complete the sections below with as much detail as you currently have. You may find the points at the start of each section a useful prompt help you to cover the type of information needed for us to be able to consider your grant application.

If you require assistance in understanding the information required then please contact Stephanie Baxter the council's Housing Enabling Officer on 01799 510633 or email sbaxter@uttlesford.gov.uk

Section 1: Your group

Who has been involved in your group so far? Please indicate what specific skills each person has, for example a parish councillor, any technical housing skills such as architecture, planning and housing development, and more general skills such as project management, fundraising, press, events, etc.

Have you considered what model of ownership or stewardship your community led housing project will use for example through a community land trust, a cooperative housing model or through the Co-housing model?

What membership structure will you use to allow residents of the community to be involved in the overall membership of the group?

How will the group feed-back decisions to the community?

Section 2: Your community

What housing affordability issues does your local community face? Who within your community will benefit from this housing scheme?

What geographical area or interest group does your group cover?

What does the community know about this project, are they clear about its objectives and what decision making process is in place?

What assets or services does the community need and how will these be delivered?

Are there other local issues you hope to address through this community housing scheme?

Section 3: Your activity to date

Who else have you talked to about your ideas? What response have you had? For example, the wider local community, your local council, a housing association or a landowner.

Have you already talked about specific plans? For example, do you have a site in mind, a number of homes, and a type of development? Have you considered whether you would build the homes yourselves, or work with a housing association or friendly developer?
