

Uttlesford District Council

Fast-track equality impact assessment (EqIA) tool

What is this tool for?

This tool will help you to assess the impact of existing or new strategies, policies, projects, contracts or decisions on residents and staff. It will help you to deliver excellent services, by making sure that they reflect the needs of all members of the community and workforce.

What should be equality impact assessed?

You only need to equality impact assess strategies, policies, projects, contracts or decisions that are **relevant** to equality. If you are not sure whether your activity is relevant to equality take the 'relevance test' on Page 9.

How do I use the tool?

This tool is easy to use and you do not need expert knowledge to complete it. It asks you to make judgments based on evidence.

The tool uses a system of red flags  to give you an indication of whether or not your responses are identifying potential issues. Getting a red flag does not necessarily indicate a problem, but it does mean that your assessment is highlighting issues or gaps in data that may require further investigation or action.

If there is insufficient space to answer a question, please use a separate sheet.
