Communication/Consultation	The Local Plan was published for a representation period in the summer of 2018, and the Addendum of Focussed Changes was published for a representation period in the Autumn of 2018.
Community Safety	This is an underlying theme of the Local Plan
Equalities	The Regulation 19 Local Plan was subject to an equalities impact assessment, which confirms that there are no inequalities identified that cannot be easily addressed or legally justified.  Officers reviewed the Equalities Impact Assessment for the Regulation 19 Local Plan and considered it did not need to be updated as a result of the proposed changes in the addendum.

Health and Safety	Health and wellbeing of the Uttlesford community is an important theme of the Local Plan and is considered as part of the sustainability appraisal/ strategic environmental assessment of the Local Plan.
Human Rights/Legal Implications	The Local Plan needs to comply with human rights and planning legislation. The regulatory framework is provided by the Planning and Compulsory Purchase Act 2004 (as amended) and related statutory instruments. Once adopted it will form part of the statutory development plan.
Sustainability	This is an underlying theme of the Local Plan e.g. ensuring homes and jobs are provided near to each other and minimising reliance on the private car. The Local Plan is subject to sustainability appraisal/ strategic environmental assessment throughout its preparation.
Ward-specific impacts	All
Workforce/Workplace	The Local Plan is a key corporate document and officers from across the council's services have contributed to its preparation.
